Gentlemen:

Subject: Chew-Not
EPA Registration No. 358-105
Super Chew-Not
EPA Registration No. 358-142
Your Letters Dated October 7, 1985

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comments listed below.

In the first paragraph of your "Storage and Disposal" statements, you may change "in a locked area" to "in an area inaccessible to children," at your option.

Please note in our March 18, 1985 letter (page 3, paragraph 7) that thiram products released for shipment after July 1, 1985, must bear the amended labeling approved in this letter.

Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

Under the Fungicide, Insecticide,
and Plant Growth Regulator Act
as amended, this pesticide
registered under EPA Reg. No.

358-105

CHEW-NOT 358-105
FRONT PANEL: NOTT CHEW-NOT
Animal Repellent
Protects Trees, Plants for 1 season
From Rabbits deer & Meadow Mice
Active Ingredient:

Thiram (Tetramethylthiuram Disulfide)	20.0 %
Inert Ingredients	80.0 %
Total	100.0 %

This product contains 1.7 lbs. of thiram per gallon
1 Quart

CAUTION: Keep Out Of Reach Of Children
See other cautions on side panel

SIDE PANEL: Easy to Use
Won't Wash Off

INFORMATION: A highly effective repellent for rabbits and meadow mice. An effective repellent for deer. One application will protect trees, especially deciduous dormant apple trees from animal damage for the entire winter. May be painted or sprayed. Will not chip, peel or wash away during the stormiest winter weather. Will not injure trees or foliage--nor will it injure any animal.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
Causes eye and skin irritation. Harmful if swallowed, inhaled or absorbed through skin. Do not get in eyes, on skin, or on clothing. Avoid inhaling of spray mist or dust. Do not use or store near food or feed.
Consumption of alcoholic beverages increases the toxic effects of thiram.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Give one or two glasses of water and induce vomiting by touching finger to back of throat. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.
IF IN EYES: Flush with plenty of water. Get medical attention.
IF INHALED: Remove victim to fresh air.
IF IN SKIN: Remove contaminated clothing and wash affected area with soap and water. Launder clothing before reusing.

Environmental Hazards

This pesticide product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Drift or runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water or wetlands.

SIDE PANEL: SPRAY OR PAINT
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Keep From Freezing

Shake or stir CHEW-NOT well before using. Mix CHEW-NOT with an equal amount of cool water. Do not use hot water. Stir to a uniform mixture. Prepare only the amount you are ready to use, resealing the container. Apply with a paint brush or sprayer. Rinse equipment with clear water immediately after use.

RABBITS AND MICE- It is important to cover every part of the tree trunk that may be reached by rabbits or mice. Allow for extra high damage from snow levels. Paint or spray so that no part of the tree treatment area is left uncovered. The repellent must dry completely the day it is applied. Treat between the hours of 10:00 A.M. and 2:00 P.M. on a good, clear drying day. Also spray low hanging branches that may be reached.

DEER- Spray tree trunks and foliage of varieties known to be favored by deer. These will vary in some areas and may include dormant apple trees and other fruit trees-some varieties of evergreens, including taxus.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

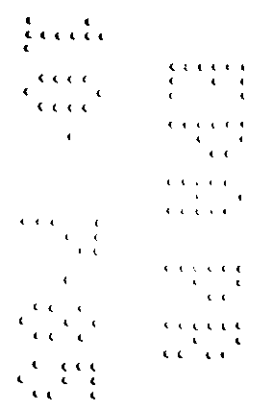

STORAGE: Store in tightly closed, original container in a locked area away from children and domestic animals.

Keep container tightly closed to prevent evaporation. Avoid storage at freezing temperatures. If frozen, thaw completely and stir well before using.

DISPOSAL: Do not reuse empty container.

Securely wrap original container in several layers of newspaper and discard in trash.
