NELLITE* TG

NEMATOCIDAL CHEMICAL FOR MANUFACTURING USE ONLY

ACTIVE INGREDIENT:

Phenyl-N,N'-

Dimethylphosphorodiamidate 97.0%

INERT INGREDIENTS: 3.0%

E.P.A. Registration No. 464-488-AA

NOTE: Formulations made of this material may have different properties. Manufacturers and formulators should develop their own use and precautionary labeling based on the intended uses and properties of their own finished formulations and in accordance with all pertinent laws and regulations

USE PRECAUTIONS

This product is toxic to birds and other wildlife. Keep out of lakes, streams, and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

Thoroughly clean equipment used with this product with a suitable chemical cleaner before use for other purposes. Do not reuse empty containers

NOTICE: Manufacturer warrants that the product conforms to the chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions. It does not warrant, either expressly or implied, MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, expressed or implied, for the use of this product under abnormal conditions, or under conditions not reasonably foreseeable to a user and it specifically disclaims any such

DANGER POISON

**KEEP OUT OF REACH OF CHILDREN
MAY BE FATAL IF SWALLOWED OR ABSORBED
THROUGH SKIN • MAY CAUSE EYE IRRITATION**

Do not take internally • Do not get in eyes, on skin, on clothing • Wear rubber gloves and protective clothing when handling • Avoid breathing dust • Keep away from food, feedstuffs and domestic water supplies • Wash thoroughly after handling • In case of contact, immediately remove contaminated clothing and shoes and immediately wash contaminated skin with soap and plenty of water. Wash contaminated clothing and clean shoes before re-use. Flush contaminated eyes with plenty of water for at least 15 minutes and get medical attention.

FIRST AID: If swallowed, induce vomiting by giving an emetic such as two tablespoonfuls of salt in a glass of warm water. In case of accident, call a physician immediately.

NOTE TO PHYSICIAN: Active ingredient is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.
