NYFDC of A No. 1617

DO NOT USE NEAR FIRE OR FLAME
DO NOT SWEEP WHILE SPRAYING

For use in Black Flag Hand Sprayer or other sprayers
For Household Use Only

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

AVOID Inhalation of mist/aerosol, inhaled or absorbed through the skin. May cause eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after using and before eating or smoking. Do not spray on humans or pets. Avoid contamination of food and foodstuffs. Food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove birds, pets or cover or remove fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

AVOID Inhalation of mist/aerosol or contact with skin. DO NOT induce vomiting because of respiratory hazard. Call physician or Poison Control Center immediately if on skin. Wash thoroughly with soap and water. Get medical attention if on skin. Flush eyes thoroughly with large amounts of water. Call physician if irritation persists.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. drift and runoff may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water or wetlands (marshes, bays, marshes and potholes). Do not contaminate water when disposing of equipment washwaters.

PHYSICAL HAZARDS

Avoid excessive spraying of plastic, vinyl or polished tile floor surfaces. Do not use on bare, bare, bare or open flame. Do not smoke while using.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE

Store in a cool place away from children.

DISPOSAL

Do not reuse empty container. Replace cap, wrap in several layers of newspaper and put in trash collection.

FLIES, MOSQUITOES AND GNATS: When there is a heavy concentration of insects (like a room full of flies and mosquitoes) and a quick knockdown is desired, close room and spray upwards on all directions and directly on insects where possible. Vacate room for at least 30 minutes and breathe before re-entering. For Use on Screens, liberally spray inside and outside surfaces and around windows and door frames and on adjacent walls. In Outdoor Areas, spray porches, patios and garages on exterior surfaces where insects tend to congregate. Spray garbage cans inside and outside. Repeat treatment as necessary.

ROACHES: Spray thoroughly around cracks and crevices, under and behind sinks, pipes, drawers, refrigerators. Roaches are particularly hard to control. Spray directly on insects where possible. Repeat treatment as necessary.

BEDBUGS: Using a sprayer, thoroughly treat bedsteads, slats, springs, boxsprings and wall cracks. Spray only tufts & seams of mattress. Allow to thoroughly dry for least 8 hours before use.
