# TRITHION TECHNICAL<sup>®</sup>

## ORGANOPHOSPHORUS INSECTICIDE

### FOR USE IN THE FURTHER MANUFACTURING OF PESTICIDES

**ACTIVE INGREDIENT:**

CARBOPHENOTHION: S- (p-chlorophenylthio)methyl-  
O,O-diethyl phosphorodithioate . . . . . 90%

INERT INGREDIENTS: . . . . . 10%

100%

U.S. Patent No. 2,793,224

**ENVIRONMENTAL PRECAUTIONS:** This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

**NOTICE TO DRUM HANDLERS**

Wear clean coveralls, protective rubber apron, gloves and boots. Shower immediately after work and change clothing. Wash all work clothing with soap and hot water before reusing.

**SPILLS:** In case of spills, sprinkle liberally with lime or soda ash and cover with an absorbent such as clay or sawdust to soak up liquid thoroughly. Sweep up and bury. Wash area thoroughly with a 5% lye solution containing a commercial hard water detergent.

**LEAKY AND/OR DAMAGED DRUMS:** Report at once. Telephone collect night or day to:  
STAUFFER CHEMICAL COMPANY  
MOBILE, ALABAMA (205) 675-0950

**DRUM DISPOSAL:** Never reuse empty drum. Decontaminate by rinsing with a solvent and then washing drum with soap and water. After washing, perforate top, bottom and two sides of the drum to prevent reuse. Remove decontaminated drum to an approved chemical dump for disposal.

**NOTE:** The solvent wash will be toxic and should be buried in a container in a safe place.

**NOTICE TO FORMULATORS:** Formulators are advised that they are responsible for providing data to support registration of products formulated with Trithion Technical

*NOTICE: Stauffer Chemical Company makes no warranty, express or implied, including the warranties of merchantability and/or fitness for any particular purpose, concerning this material, except those which are contained on Stauffer's label*

**WARNING**

**Keep Out of Reach of Children**

**MAY BE FATAL IF SWALLOWED**

Do not get in eyes, on skin or clothing.  
In case of contact, immediately flush eyes with plenty of water; wash skin with soap and water.  
Wash skin with soap and water before eating, drinking or smoking.  
Wear clean, heavy rubber gloves, clean waterproof protective clothing (coveralls) and rubber boots when using.

**NOTE TO PHYSICIAN:** Trithion may cause cholinesterase inhibition.

**ATROPINE IS ANTIDOTAL.** Protopam chloride (pralidoxime chloride, 2-PAM chloride) has shown utility when used in conjunction with atropine.

**LOT NO.**
