

PRECAUTIONARY STATEMENTS

WARNING

Hazards to Humans and Domestic Animals

Harmful if swallowed or absorbed through skin. Avoid breathing vapor and spray mist. Avoid contact with skin and eyes. Remove pets, birds and cover fish aquariums before spraying. Do not apply directly to food in commercial food handling facility. Cover or remove any food utensils and food processing equipment during application. Do not apply while food processing is underway. After space spraying in packing plant, bakery and other food processing plants, wash all equipment, benches, shelving, etc. where exposed food will be handled with potable water.

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Never induce vomiting or give anything by mouth to an unconscious person. If on Skin: Wash contaminated clothing and wash affected areas with plenty of soap and water. If in Eyes: Flush eyes with plenty of water. Call a physician if irritation persists. If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated. **NOTE TO PHYSICIAN:** This product may cause cholinesterase inhibition. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine.

Environmental Hazards

This pesticide is highly toxic to fish, birds and other wildlife. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

Physical and Chemical Hazards

Flammable mixture. Do not use, pour, spill or store near heat or open flame. Do not smoke while using.

Storage and Disposal

Storage: Store in a cool place away from heat, direct sunlight, or open flame. Keep in original container and preferably in a locked storage area. **Disposal:** Securely wrap original container in several layer of newspaper and discard in trash.

Directions for Use: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This gallon can be used as a refill for the handy Real-Kill 42 oz. Bug Gun bottle. The adjustable nozzle sprays a fine mist or a 10 foot stream. Makes it easy to spray hard-to-reach places and to achieve proper coverage. Do not smoke while spraying. Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Real-Kill

LIQUID ANT & ROACH KILLER

**Kills Roaches, Ants,
Spiders and Silverfish
Invisible Film Kills for Weeks
Use to Refill Handy 42-oz.
Real-Kill Bug Gun**

Active Ingredients:

Pyrethrins	0.030%
Technical piperonyl butoxide *	0.150%
Diazinon, (1,1-Dimethyl O-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate)	0.500%
Inert Ingredients: **	99.320%
Total	100.000%

* Equivalent to 0.120% (butyl carbaryl) (6-propylpiperonyl) ether and 0.030% related compounds.

** Contains aliphatic petroleum hydrocarbons.

Keep Out of Reach of Children
