ANOTHER QUALITY

patio patrol

A proven formulation developed especially for patios, picnic areas, backyards and all other outdoor areas. PATIO PATROL is an effective fogger that is effective up to 200 feet away. It kills effectively mosquitoes, flies, wasps, and other insects, gnats and ticks.

DIRECTIONS FOR USE SHAKE BEFORE USE

Point nozzle in any direction from face of operator. Spray downward and sweep the nozzle side to side. The fogger is self-igniting.

For flying insects: Spray with the nozzle 10 to 15 feet to drift down on the insects. When the fogger ignites, the bushes, etc. in the area will be treated with a drift of fogger. To get the best results, repeat the spray.

For crawling insects: Spray directly on the insects. Spray insects as they crawl on the patio. If the insects are crawling on a surface, spray directly on the surface. The fogger will kill the insects as they crawl.

CAUTION

KEEP OUT OF REACH OF CHILDREN. Do not use in areas where children are present. Do not use in areas where pets are present. Do not use in areas where food is present. Do not use in areas where people are present. Do not use in areas where people are present.

Do not use in areas where people are present. Do not use in areas where people are present. Do not use in areas where people are present. Do not use in areas where people are present.
