HAMMOND'S
TREE-WOUND PROTECTIVE DRESSING
ADHERENT — PROTECTIVE

An adherent and lasting dressing for sealing and water-proofing tree wounds. It protects healthy surfaces of pruned or damaged portions of trees. It is also good for grafting purposes.

For best results, apply liberally to wound or damage on trees, shrubs, etc., with a brush, small trowel, or flat piece of wood.

WARNING — Harmful if taken internally. Avoid contact with skin, eyes or clothing.

WARNING — Keep out of reach of children
