

DIRECTIONS FOR USE IN AND AROUND HOMES

Spray infested surfaces only until wet.

INDOOR USES

Spray heavily into all cracks and crevices where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat cracks and crevices in closets and infested areas of shelving. Repeat as necessary.

Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

OUTDOOR USES

Thoroughly soak the nests after dark when all pests have returned to their nest. The jet spray nozzle enables you to spray from a safe distance.

For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

**FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUTDOORS:** For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestations occur.

CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid contamination of feed and foodstuffs. Avoid inhalation and skin contacts; wash thoroughly after using. Do not use on household pets or humans.

Do not allow children in treated areas until surfaces are dry.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

DO NOT USE AS A SPACE SPRAY.

**WARNING** Contents under pressure. Do not puncture container. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

ACTIVE INGREDIENTS

0.0 diethyl 0-(2-isopropyl-4-methyl-6-pyrimidinyl) phosphorothioate	0.500%
Pyrethrins	0.105%
Technical piperonyl butoxide (equivalent to 420% (butylcarbityl) (6-propylpiperonyl) ether and 105% other related compounds)	0.525%
Aromatic Solvent	0.454%
Petroleum Distillate	78.371%
<b>INERT INGREDIENTS</b>	<b>20.00%</b>
Total	100.00%
