**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed. Avoid breathing vapor. Avoid contact with skin, eyes, or clothing. Wear mask or respirator of type recommended by NIOSH (National Institute for Occupational Safety or Health) to give adequate protection against this material. Wear protective clothing. Wash exposed skin with soap and water after handling and before eating. Wash all contaminated clothing with soap and water, separately from clothing, before re-use.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water when disposing of equipment washwater. Apply this product only as specified on this label.

**PHYSICAL HAZARDS**

Do not use, or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**CONTACT SPRAY — Diluted for Use with Sprayers that give large, wetting spray Particles —** To kill Cockroaches and accessible stages of Granary Insects; Rice & Granary Weevil, Red Flour Beetle, Indian Meal Moth Larvae, Cadelles, Grain Mites and Saw-Toothed Grain Beetles. Cover or remove exposed food and close room. Dilute Concentrate with Oil at the rate of 1 part Concentrate plus 9 parts Oil, and mix well. Spray outside walls of grain bins, flooring, about base of milling machinery, walls and baseboards, areas behind cabinets, around pipes and other insect harbourages using 1 gal. of Spray per 1,000 sq. ft. of surface. Force spray into all cracks and crevices. Repeat applications as necessary. Infested stored food products should be fumigated or treated by other effective methods using an approved product intended for this purpose.

**SPACE SPRAY — Undiluted in Aerosol Generators —** To kill Flies, Mosquitoes, Small Flying Moths & Gnats: Cover or remove exposed food and food handling surfaces. Close room and shut off all air conditioning or ventilating equipment. Apply at the rate of 2 to 6 oz. of undiluted Concentrate per 1,000 cu. ft. of space. Direct output from aerosol generator upward towards upper corners of room and ceiling. Leave room closed for one half hour. Do not remain in treated areas. Ventilate the area after treatment is completed. Sweep up and destroy fallen insects. Repeat as necessary.

**SPACE SPRAY — Dilute 1 plus 4 with Base Oil for Use in Barns & Poultry Houses, Warehouses, Storage Bins & Storage Rooms —** To control House Flies, Stable Flies & Horn Flies, apply as a fine mist over the livestock in stanchions or holding pens or over the poultry in cages or in pens. Use a fogger or mist generator, so spray is directed and applied above the animals and direct spray to center of the area where animals are housed. Apply 1 oz. per 1000 cu. ft., so that the spray mist is distributed uniformly throughout the entire area sprayed. Do not ventilate the area for at least 10 minutes after spray has been applied. If used in Dairy Barns, aerate the barn thoroughly before milking. Repeat daily, morning and afternoon, or as required. Keep sprayer unit reservoir and nozzle clean, to ensure proper delivery of spray mist or fog. Product to be used in mechanical sprayers, which give particle size aerosol range or smaller, such as U.I.V type.

**SPACE SPRAY — For use in Mechanical Fogging Equipment —** Kills Flies, Mosquitoes, Small Flying Moths & Gnats. Cover or remove exposed food and Food handling surfaces. Close room, making sure to shut off all air conditioning or ventilation equipment. Dilute Concentrate with Deodorized Kerosene at the rate of 1 part Concentrate with 9 part Deodorized and mix well. Apply at the rate of 50 fl. oz. of diluted spray per 25,000 cu. ft. of space. Make sure to direct the spray upward towards upper corners of room & ceiling. Keep room closed for one half hour after spraying. Do not remain in treated area. Ventilate after treatment is completed.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

**STORAGE:** If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place any leaking container into a similar drum or glass container. Do not store, use pour or spill near heat or open flame. Do not store in car trunk where temperatures may exceed 120° F.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
