NET WEIGHT—14 AV. OZ.

CAUTION: KEEP OUT OF REACH OF CHILDREN.

See directions and cautions on back.

DIRECTIONS FOR USE

Do not spray on Plants.

TO KILL FLYING INSECTS

Indoors: Close doors and windows and spray into air with circular sweeping motion. Keep three feet from walls. Remove birds and fish from room before spraying. A 5 to 6 second spray is sufficient to kill flies, mosquitoes and wasps in an ordinary 1000 cubic foot room or office. Repeat as necessary.

Do not remain in treated areas. Ventilate the area after treatment is completed.

Outdoors or Open Areas: The number of flies, mosquitoes and wasps can be reduced by misting or fogging surroundings when air is quiet. Repeat as necessary.

TO KILL CRAWLING INSECTS

TITAN* Supreme is effective against ants, roaches, waterbugs and palmetto bugs. Spray into hiding places such as cracks and crevices, under baseboards, under sinks, in closets and cracks in floors.

Spray ant trails and areas where ants enter, such as around window and door frames. Spray surface until wet.

EPA Est

EPA Registration No. 675-10-AA

AN* Supreme kills insects fast!

It is effective for use in institutions, hospitals, hotels, motels, nursing homes, schools, industry, retail stores and most other business establishments.

It is so potent that it is particularly effective in such highly infested areas as waste disposal areas, garbage storage, camp grounds and other areas with high pest population. Use with the best sanitation practices.

Do not use in the edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Unconditionally guaranteed to give complete satisfaction—or money back.

TITAN Supreme is effective against even DDT—resistant flies.

WARNING — CONTENTS UNDER PRESSURE—

Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120° F. Avoid spraying in eyes. In case of eye contact, immediately flush eyes with plenty of water.

ACTIVE INGREDIENTS Pyrethrins 0.5%, Technical Piperonyl Butoxide 1.0% (Equivalent to 0.8% (butylcarbityl) (6-propylpiperonyl) ether and 0.2% related compounds), N-Octyl Bicycloheptene Dicarboximide 1.0%, Methoxychlor, Technical 2.0% (Equivalent to 1.76% 2,2-bis (p-methoxyphenyl)-1,1,1-trichloroethane and 0.24% other isomers and related compounds), Petroleum Distillate 15.4%
