Precautions in Using

Use only as recommended.

Do not mix Gulf Weed Killer with other products.

Gulf Weed Killer not only controls certain weeds, but it also may harm most useful vegetation unless properly used.

Consult State Agricultural Extension Service for additional information, as the timing and date of applications will vary with local conditions.

Atlas Manufacturing Co.

ATLAS 602

Recommended for use only on non-cropland areas such as industrial sites and railroad right-of-ways for weed control and semi-soil sterilant.

DIRECTIONS:

Apply VEGOCIL undiluted, 40 gallons per acre to control most weeds and grasses for an extended time. Apply after most weeds have emerged. Can be sprayed or sprinkled on. If sprayed, adjust for coarse spray to prevent drifting. Users should contact agricultural experiment station or extension service weed specialist for recommendations as to use of VEGOCIL in their area. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes or do not use same spray equipment for other purposes.

Vapor from this product may injure susceptible plants in the immediate vicinity.

See side panel for additional cautions

CAUTION: Harmful if swallowed or absorbed through the skin. Avoid contact with eyes, skin or clothing. Do not breathe vapor or mist. In case of contact flush with water and wash skin and clothing with soap and water. Call physician immediately if swallowed or eyes contacted.

This product is toxic to fish and wildlife. Birds and other wildlife in treated areas may be killed. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Non-selective weed killer. Do not apply to desirable plants or areas containing their roots. Do not store near fertilizers, seeds, insecticides or fungicides. Do not contaminate water used for domestic purposes or irrigation.

Do not reuse empty drum. Return to drum re-conditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.
