 <p style="text-align: center;">U.S. ENVIRONMENTAL PROTECTION AGENCY</p> <p style="text-align: center;">Office of Pesticide Programs Antimicrobials Division (7510-P) 1200 Pennsylvania Avenue N.W. Washington, D.C. 20460</p> <p style="text-align: center;">NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration</p> <p>(under FIFRA, as amended)</p>	EPA Reg. Number: <b>777-115</b>	Date of Issuance: <b>May 26, 2010</b>
	Term of Issuance: <b>Conditional</b>	
	Name of Pesticide Product: <b>Dynamite II</b>	
Name and Address of Registrant (include ZIP Code):  <b>Reckitt Benckiser, Inc. Morris Corporate Center IV 399 Interpace Parkway Parsippany, N.J. 07054</b>		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product (OPP Decision No. 427868) is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"> <li>1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and, submit acceptable responses required for re-registration of your product under FIFRA section 4.</li> <li>2. Change EPA File Symbol 777-RRL to EPA Registration Number 777-115.</li> <li>3. We have removed the optional text referencing the absence from this product of certain ingredients since this is not allowed under 40 CFR §156.10 (a) (5).</li> <li>4. In between Storage and Disposal add "<b>Pesticide Disposal:</b> To avoid waste, use all material in this container, according to label directions".</li> <li>5. Change <b>Disposal</b> to "<b>Container Disposal</b>".</li> <li>6. At the end of <b>Container Disposal</b> add as the last sentence: "If partly filled, call your local solid waste agency for disposal instructions".</li> <li>7. Your Certification with Respect to Child Resistant Packaging must meet final approval by the Agency.</li> </ol> <p>Submit one copy of the finished final printed label prior to releasing this product for sale.</p> <p>If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).</p> <p>Your release for shipment of the product constitutes acceptance of these conditions.</p> <p>A stamped copy of the conditionally approved label is enclosed for your records.</p>

777-115

**NOTE:** Bracketed information is denoted as: << directive >>, { insert as noted }, ( optional text ), [ required qualifier ]. The term "this product" used throughout this document may be replaced with the marketed product brand name. The term x refers to a number between 1 to 99.

<< USE DIRECTIONS – IMPORTANT: Advisory statements must be included as appropriate. Below are the use directions for one type of unit that contains the unit inside the tank making sure the fragrance block does not come in contact with the toilet water. >>

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Product should be used in toilets that have access to the overflow tube and are used regularly.**

Prior to installation, preclean toilet bowl thoroughly (even under the rim).

To Sanitize, Clean, and Deodorize:

1. Remove toilet tank (top) (lid).
2. Carefully remove unit from pouch (cut to open). (Remove) (unscrew) fragrance (cap) (seal) from the top of unit (see Fig 1) before installing. Discard the (cap) (seal). (Pictogram showing removing cap/seal is optional)

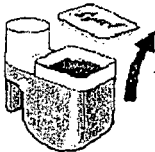

Fig 1

3. Install by first removing water hose from overflow tube in tank (see Fig 2). Place the unit on overflow tube (as shown). Insert water hose into the top of the unit (see Fig 3). (2 Pictograms are optional: 1) showing removing water hose and 2) showing the placing of the unit on overflow tube and arrow down to show inserting hose)

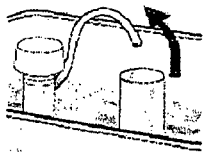

Fig 2

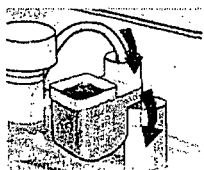

Fig 3

4. Replace toilet tank (top) (lid). Wash hands thoroughly.  
If you experience any product overflow issue, simply reduce inlet water flow to toilet.

Sanitizes the toilet bowl water for up to 2 months.

<< Optional Use Directions for Valeron Bag – to appear by the dotted line >>

Graphic of scissors  
Cut (to) open (package)

**NOTE:** Bracketed information is denoted as: << directive >>, { insert as noted }, ( optional text ), [ required qualifier ]. The term "this product" used throughout this document may be replaced with the marketed product brand name. The term x refers to a number between 1 to 99.

<< USE DIRECTIONS – IMPORTANT: Advisory statements must be included as appropriate. Below is a second set of use directions for a type of unit that contains the fragrance block outside the toilet tank. >>

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

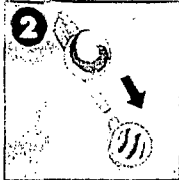

**Product should be used in toilets that are used regularly.** Prior to installation, preclean toilet bowl thoroughly (even under the rim).

To Sanitize, Clean, and Deodorize:

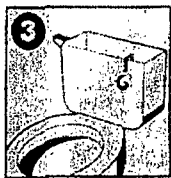

1. Insert the shorter arm of the hook into the slot at the top of the (colored) (fragrance) gel swirl. (see Fig 1) (pictogram is optional)

2. Remove bleach block cage from packaging (bag) (cut bag with scissors to open). Clip the top of the bleach cage into the longer arm of the hook. (see Fig 2) (pictogram is optional)

3. Remove the (cistern) (toilet) lid carefully. Hang the assembled unit over the rim of the (cistern) (toilet tank) so that the (colored)(fragrance) gel swirl faces out into the room and the bleach block cage sits in the (cistern) (toilet tank) just below the waterline. Avoid placing the unit where it would interfere with the internal fittings of the (cistern) (toilet tank). Replace the (cistern) (toilet) lid securely. When the water stops foaming, simply dispose of unit in the trash and replace. (see Fig 3) (pictogram is optional)

Sanitizes the toilet bowl water for up to 2 months.
