SANI-CLEAN

A Cleaner-Sanitizer for Use in Hatcheries

Saniclean is a powerful cleaner-sanitizer for use in hatcheries. It is effective against all common bacterial and fungal pathogens, and is safe for use on all types of mechanical tray washers. It is also suitable for use in portable washers, and for the cleaning of egg washers.

Saniclean is an effective cleaner-sanitizer for use in hatcheries where too much foam in the egg washer is a problem.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Avoid contact with eyes and skin.
