- 2. Add the following to the Label to Physicians:

2-112-28-000-000-000-000 may be administered, following instructions with appropriate

- 3. Reinstate the wording you deleted under the If Swallowed Statement of Technical Literature. Based upon the level of solvents in this product's formulation these statements are still applicable.

- 4. Replace the statement "Do not use in edible product areas . . ." with the following precautions. These precautions should be added under the Directions for Use:

Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while top is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where food is prepared or held.

In the home, all food processing surfaces and utensils should be covered or removed or thoroughly cleaned. Prepared food should be covered or removed.

Nonfood areas are areas such as (garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine room, boiler rooms, garages, toy closets and storage (after cleaning or bottling.)

- 5. Based upon the flashpoint reported for the new formulation, revise the current statement to read:

Do not use or store near heat or open flame.

- 6. Delete the reference to methanol and methylene chloride on the front and side panels since the new formulation does not contain these ingredients.

The Confidential Statement of Formula dated September 15, 1988 is acceptable and has been made part of the record for this product.
