**MOVES STAINS
DEODORIZES**

GENERAL DIRECTIONS

Always dilute 101 with water before using.
Always remove organic matter before applying 101 for disinfecting and deodorizing.

SAFE WITH SEPTIC TANKS

SAFE for nylon, rayon, dacron and other man-made fibers alone or in combination.
DO NOT use on silk, wool, leather or sponge.
DO NOT use on silverware.
DO NOT use with unfast colors.
DO NOT use commercial toilet bowl cleaners or Ammonia with 101.

SWIMMING POOLS
3¼ cups 101 to 10,000 gal. water. Test for and maintain 0.6 to 1.0 P.P.M. available chlorine. Safe for plastic pools.

CLOTHES AND CELLAR WALLS
Wash with ½ cup to 1 gal. water. Rinse.

CELLAR
Sanitizes, sweetens cellar after backed-up sewer, seepage, stone dampness, etc. Wash with clear water. Keep wet with undiluted 101 for 1 to 2 hours. Rinse. Air. Repeat if needed.

STAINS
Scorch, mildew, coffee, vegetable, flower, grass, blood. All stains (except rust) run from 101. ½ cup to 1 gal. water. Soak 5-15 minutes. Rinse. Repeat if needed.

LAUNDRY
SANITIZE HANDKERCHIEFS WITH 101
Cotton, linen (white or tub-fast) man-made fibers (see General Directions). Tumbler washers ½ cup: agitator or wringer 1 cup per load. 1 tbs. to 1 gal. water for hand laundry. Mix in wash-water. Wash. Rinse.

DIAPERS
Flush to remove soil. Place in diaper pail with 1 tbs. to 1 gal. water. Soak. Wash in regular laundry. Rinse well.

HOUSEHOLD CLEANING
101 DISINFECTS AS IT CLEANS
Anything in your home that can be washed with soap and water should be sanitized with 101. Linoleum, porcelain, tile, enamel ware, disposal cans, woodwork, etc. 3 tbs. to 1 qt. warm water.

ONE GALLON

ALWAYS KEEP HOUSEHOLD CHEMICALS OUT OF REACH OF CHILDREN

S WHITENS

SWIMMING POOLS

3¼ cups 101 to 10,000 gal. water. Test for and maintain 0.6 to 1.0 P.P.M. available chlorine. Safe for plastic pools.

CLOTHES AND CELLAR WALLS

Wash with ½ cup to 1 gal. water. Rinse.

CELLAR

Sanitizes, sweetens cellar after backed-up sewer, seepage, stone dampness, etc. Wash with clear water. Keep wet with undiluted 101 for 1 to 2 hours. Rinse. Air. Repeat if needed.

STAINS

Scorch, mildew, coffee, vegetable, flower, grass, blood. All stains (except rust) run from 101. ½ cup to 1 gal. water. Soak 5-15 minutes. Rinse. Repeat if needed.

LAUNDRY

SANITIZE HANDKERCHIEFS WITH 101

Cotton, linen (white or tub-fast) man-made fibers (see General Directions). Tumbler washers ½ cup: agitator or wringer 1 cup per load. 1 tbs. to 1 gal. water for hand laundry. Mix in wash-water. Wash. Rinse.

DIAPERS

Flush to remove soil. Place in diaper pail with 1 tbs. to 1 gal. water. Soak. Wash in regular laundry. Rinse well.

HOUSEHOLD CLEANING 101 DISINFECTS AS IT CLEANS

Anything in your home that can be washed with soap and water should be sanitized with 101. Linoleum, porcelain, tile, enamel ware, disposal cans, woodwork, etc. 3 tbs. to 1 qt. warm water.

SICK ROOMS—DAIRIES—RESTAURANTS

"Mix 3 tbs. 101 to 1 gal. water for 600 P.P.M. available chlorine. Disinfects, deodorizes, dishes, utensils, equipment, walls and floors. All organic matter should be removed before applying 101 solution. Rinse in potable water."

SANITIZES TOILET

Flush. Add ½ cup 101. Wash with toilet brush. Let stand 60 to 90 minutes.

DISINFECTANT

Removes stains, sweetens, sanitizes refrigerators, sinks, dishcloths, all washable children's toys, play pens, bath-tubs. (Safe for baby's rubberized tub. Rinse well). Wash surfaces first to remove any solid matter, then finish with a solution 3 tbs. 101 to 1 qt. warm water.

YELLOW NYLON

Soak 12-24 minutes in 1 qt. warm water with 1 tbs. 101. Rinse. Repeat if needed.

Many Cleaners remove surface dirt. The active ingredients of 101 kill many bacteria. That is why 101 is added to ordinary soaps, etc., to sanitize drainboards, walls, toys and utensils. Always use 101 when you wash handkerchiefs and pillow cases.

CAUTION

Undiluted 101 bleach will irritate the skin and eyes. Rinse immediately. Harmful if swallowed. If taken internally feed bread soaked in milk followed by cooking oil. Call Physician. Not for personal use.
