

BAYGON[®]

CONCENTRATE W/E 18

FOR USE BY QUALIFIED PEST CONTROL OPERATORS ONLY

ACTIVE INGREDIENTS:

o-Isopropoxyphenyl methylcarbamate	18%
Aromatic Petroleum Derivatives	77%

INERT INGREDIENTS:

5%

*Contains 1.5 pounds BAYGON[®] per gallon

U.S. Patent No. 3,111,539

WARNING

KEEP OUT OF REACH OF CHILDREN

May be fatal if swallowed, inhaled, or absorbed through the skin. Do not breathe dust or spray mist. Avoid contact with skin or eyes. In case of skin contact, wash with soap and water. For eyes, flush with copious quantities of water. Wash thoroughly after using. Do not get on clothing. In case of prolonged exposure, wear natural rubber gloves, protective clothing and goggles. Wash hands, arms, and face thoroughly with soap and water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use. Atropine is antidotal.

Do not contaminate foodstuffs or feed.

FLAMMABLE. Do not use or store near heat or open flame.

For use in Apartments, furniture stores, food processing plants, rest rooms located in public buildings, factories, & restaurants.

DIRECTIONS

Must be diluted with water before use. Dilute at rate of 8 oz. concentrate to 120 oz. water to make 1 gallon of 1% emulsion. Use as a spot treatment for German Roach infestation and for difficult American and Oriental Roach infestations. Baseboards should not be sprayed routinely. Seek out source of infestation and known runway and use a coarse spray.

RESTRICTIONS

Do not leave in sprayers overnight.

Do not apply to rugs, carpets, wallpaper, etc., that may be water-damaged.

Do Not use as a space spray.

Do not apply to animals or humans.

Do not apply to plants.

Provide adequate ventilation of area being treated.

Use only in areas directed on the label.

Do not allow children to contact treated surfaces until surfaces are thoroughly dry.

Empty containers completely. Flush with water until water runs clear from container.

Empty container to avoid re-use. Wash away any spillage with water so as not to contaminate any body of water.

Do not use in edible areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.
