

NOTICE

KEEP FROM FREEZING. If this product is stored in cold or freezing weather it may separate or thicken. This will not harm the performance. Before using, warm to room temperature and stir thoroughly.

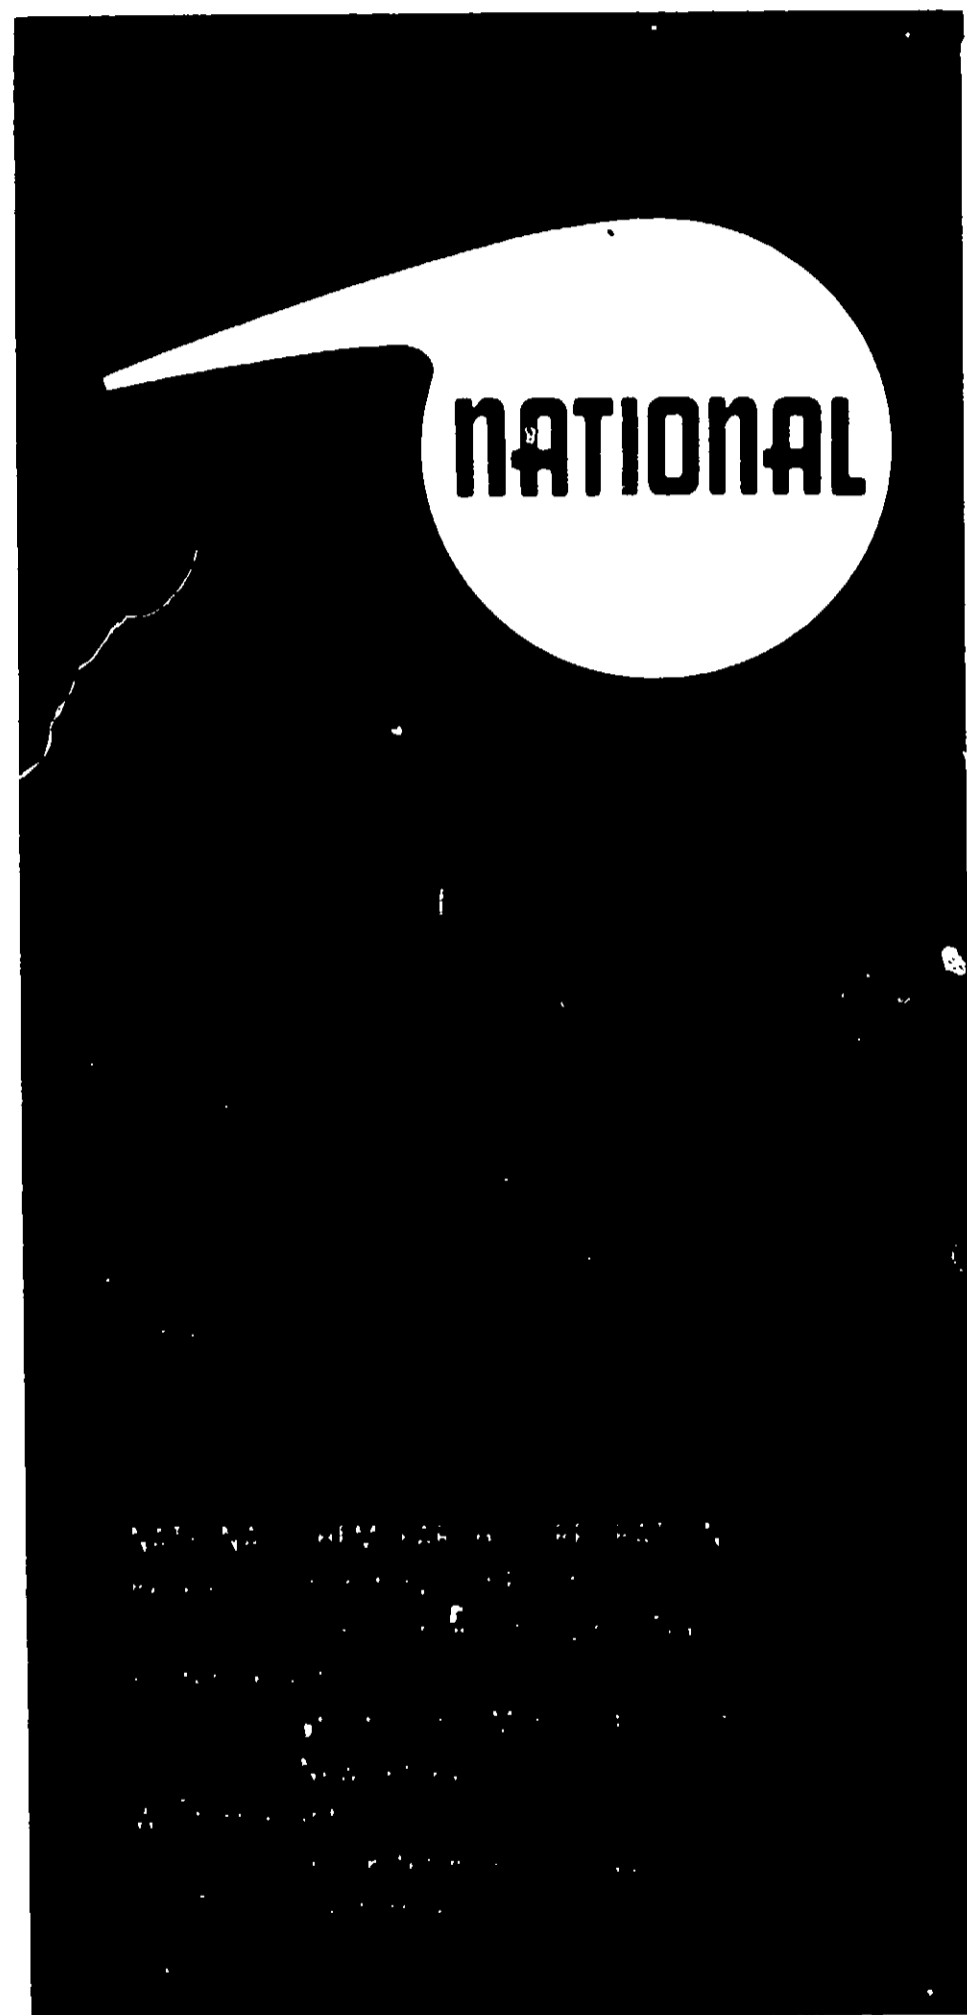

DIRECTIONS:

To each 1000 square feet apply one ounce of National Chemsearch C-A-D diluted with sufficient water to treat area. Repeat every ten days during the entire turf disease season. After spraying, thoroughly clean the spraying equipment with water.

Empty containers should be crushed and buried. Spray wastes should be buried also where surface runoff will not be contaminated.

Keep children and animals off of treated areas until dry.

PRINTED IN U.S.A.

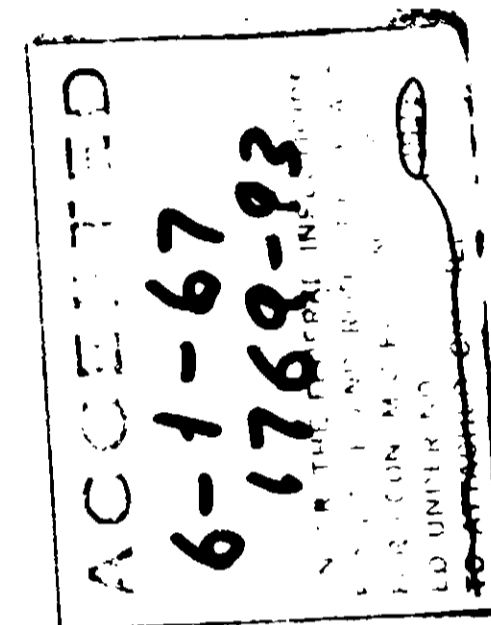

FOR INDUSTRIAL USE ONLY

CHEMSEARCH
