ACCEPTED

of PA. Inc.

MAY 22 1996

Net Contents: 5 gallons / 18.93 Liters

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered at EPA Reg. No. 2296-102

DISINFECTANT - DEODORANT - GERMICIDE - CLEANER

An effective, pleasant disinfectant, germicide and deodorant. This product is especially recommended for use in apartment buildings, households, schools, office buildings, and industrial plants for disinfecting floors, walls, sinks, bathrooms, toilets, and urinals. Can be used as a deodorant which is noticeable from 1 to 3 hours after use.

It is instantly soluble in water forming a milky white emulsion which does not separate on standing. When mixed with water in recommended dilutions does not stain walls or floors and leaves a pleasant and fragrant odor of pine

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING

For Disinfecting Premises: This product is recommended for hard, non porous, inanimate surfaces in non-medical areas. Remove gross filth from surfaces. Thoroughly clean surfaces prior to application of product. Prepare a solution of 3 1/2 tablespoons of disinfectant to one gallon of water. Apply disinfecting solution by mop, sponge, and swab. Wet surface thoroughly and allow to remain for minimum 10 minutes. Let surface air dry.

Floors: When mopping or scrubbing use 3 1/2 tablespoons of disinfectant in each gallon of water in bucket.

Toilet Rooms, Commodes, and Urinals: Remove water from toilet bowls. Swab all bowl and urinal surfaces with a solution of 3 1/2 tablespoons of disinfectant per gallon of water making sure to get under the rim. The solution must remain in contact with the treated surface for at least 10 minutes. Scrub the floor and seat frequently with this solution. Use fresh solution each day or when it becomes soiled or diluted.

Garbage Receptacles: To aid in deodorization, sprinkle with a solution in the proportion of 4 tablespoons of disinfectant to a gallon of water. Rinse the empty can with some of the solution and leave the wash in the can. Use this solution to deodorize outhouses.

Sickroom: For disinfecting bed frames, floors, walls, bed pans and utensils. Remove gross filth from surfaces. Thoroughly clean surface prior to application of the disinfecting solution of 3 1/2 tablespoons per gallon of water. For utensils and bed pans follow with rinse of potable water.

PRECAUTIONARY STATEMENTS

Hazard to humans and domestic animals

DANGER

Keep Out Of Reach Of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, skin, or on clothing. Harmful if swallowed. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water, do not induce vomiting, avoid alcohol. Get Medical Attention.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Do Not Contaminate Water, Food Or Feed By Storage Or Disposal. Storage: Store in a dry place between 50°F and 120°F.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Environmental Hazards: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Container Disposal: Do not reuse empty container. Triple rinse empty container with water. Rinse metal drum, then offer for reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by State or Local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or if allowed by local authorities, by burning. If burned, stay out of smoke. POD-0102
