IMPORTANT USE AS DIRECTED

OCEAN SPRAY

INSECTICIDE

For best results use a good clean sprayer free of rust which produces a fine mist

**FLIES MOSQUITOES AND GNATS** Close doors and windows. Spray OCEAN SPRAY insecticide throughout room, particularly toward ceiling to fill room with fine mist. Doors and windows may be opened after 10 minutes. Sweep up and destroy fallen insects. Caution: Leave enclosed areas after spraying until treatment is completed and treated area has been aired.

**ROACHES WATERBUGS AND SILVERFISH** Spray thoroughly into cracks and crevices under and behind sinks, cupboards, drawers, woodwork, refrigerators, pipes, and drains, where insects occur. Spray directly on any insect, as possible. Repeat application as required.

**MOTHS AND CARPET BEETLES** OCEAN SPRAY insecticide kills these insects, their eggs and larvae by contact. Clean and spray closet thoroughly to reach all hiding places. Clean and brush wooden articles. Holding sprayer two feet from articles, spray thoroughly, especially seams and folds. Allow sprayed articles to dry completely before using. Repeat application as required.

**BEDBUGS** Take beds, dressers, and other furniture apart and spray thoroughly slats, springs and all cracks and crevices. Spray thoroughly entire mattress, especially seams and tufts, and allow to dry completely before using. Spray all cracks and hiding places in room, including behind woodwork, loose wallpaper, picture frames, and molding. Repeat application as required.

**ANTS AND FLEAS** Spray directly on as many ants as possible. Treat ant trails and areas around door sills and window frames, where insects may enter premises. Also treat openings around water pipes, heat ducts, and cupboards, where insects may enter room. Repeat as required. To kill fleas, spray thoroughly floors, rugs, lower walls, basements, sleeping quarters of animals, and other infested areas. Repeat application as required. DO NOT SPRAY ON ANIMALS.

CAUTION

Avoid contact with skin. In case of contact, wash with soap and water. Avoid contamination of food and drink. Harmful if swallowed. Keep out of reach of children. Do not use in store near heat or open flame. Do not reuse empty container. Wash thoroughly with water and detergent. Discard in a safe place.
