

Bio-Rinse assists the bar owner in meeting public health requirements by maintaining low bacteria counts on bar glassware. Dishes, glassware, silverware, cooking utensils may also be sanitized with Bio-Rinse following the directions indicated below.

### DIRECTIONS

In clean rinse tank add one ounce of Bio-Rinse to four gallons of fresh tap water.

Wash glasses with soap or synthetic detergent, rinse thoroughly and immerse in above sanitizing solution. No Terminal Potable Water Rinse required.

Blue tint in water indicates Presence of Bio-Rinse.

BIO-SYSTEM'S

# BIO-RINSE

## Bar Glassware Sanitizer
