Subject: Amended Reregistration Label
Product Name: Backyard Farmer Tomato & Vegetable Insect Spray
EPA Registration Number: 2724-568
Decision Number: 412344

Dear Ms. Heubl:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Pyrethrins RED, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 11/29/2010
- Alternate CSF 1, dated 04/23/2015

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the

registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Gene Benbow by phone at 703-347-0235, or via email at Benbow.Gene@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jennifer Urbanski', with a stylized, cursive script.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & ANIMALS
CAUTION**

Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

FIRST AID	
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-xxx-xxxx for emergency medical treatment information.	

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and runoff may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read entire label and apply as directed.

SHAKE WELL BEFORE USING.

USE RESTRICTIONS

Do not allow adults, children, or pets to enter the treated area until sprays have dried.

Do not make applications during rain.

Do not wet plants to point of runoff or drip. Do not water the treated area to the point of runoff.

All outdoor applications must be limited to spot treatments only, except for the following permitted uses:

- 1) Treatment to soil or vegetation around structures;
- 2) Applications to lawns, turf, and other vegetation

To apply at the maximum rate, spray for 6 seconds to cover a space of 54 cubic feet (3' x 3' x 6' high).

For best results, use throughout the growing season to prevent buildup of insect populations. Spray plants from a distance of 3½ to 4 feet using short bursts (one second). To prevent injury to plants, avoid visibly wetting the foliage.

Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Apply in the early morning or late evening when the air is still, treating all foliage with particular attention to the undersides of the leaves. Contact insects directly whenever possible. Repeat applications at 7 to 10 day intervals or after heavy rains. Do not apply to food crops within one day of harvest.

USE ON	TO CONTROL
Tomatoes	Flea Beetles, Hornworms, Colorado Potato Beetles, Stink Bugs, Green Peach Aphids, Two Spotted Spider Mites, Whiteflies, Thrips
Peppers, Eggplants, Potatoes	Colorado Potato Beetles, Leafhoppers, Blister Beetles, Green Peach Aphids, Flea Beetles, Thrips
