

## DESCRIPTION

**OSMOTOX™-PLUS** contains recognized salt preservatives used successfully in the art of wood preservation for more than twenty-five years. These colorless salts penetrate deeply into the wood and give long-lasting protection against decay. Pentachlorophenol and creosote are also time proven preservatives which give excellent external protection. Osmotox™-Plus is designed for use in groundline treatment of standing poles, piling and other timber members.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Stir to an even consistency. Remove existing decay as thoroughly as possible. Apply with ordinary stiff bristle brush (preferably long handle) in a zone 15" below to 3" above ground, making liberal applications to checks in areas where decay has been removed. Where treated area comes in contact with the ground, wrap with our waterproof bandage, OsmoShield.

## STORAGE AND DISPOSAL

**STORAGE:** Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures.

**NOTE TO PHYSICIAN:** This product is a metabolic stimulant. Treatment is supportive. Forced diuresis may be effective to reduce total body burden. Treat hyperthermia with physical measures. Do not administer aspirin, phenothiazines, or atropine since they may enhance toxicity.

## RESTRICTED USE PESTICIDE

For retail sale to and use only by Certified Applicators or persons under their direct supervision, and only for those uses covered by the Certified Applicator's Certification.

# GROUNDLINE TREATMENT FOR ALL STANDING POLES OSMOTOX™-PLUS WOOD PRESERVING COMPOUND

### ACTIVE INGREDIENTS:

Sodium Fluoride .....	40.00%
Creosote .....	38.30%
Potassium Bichromate .....	3.10%
2,4-Dinitrophenol .....	2.00%
Pentachlorophenol .....	6.60%
Other Chlorinated Phenols and Related Compounds .....	1.00%
	93.00%

### INERT INGREDIENTS:

Total: .....	7.00%
Equivalent to 10% technical pentachlorophenol as determined by ASTM Standard D1272.	100.00%

## KEEP OUT OF REACH OF CHILDREN DANGER

The U.S. EPA has determined that pentachlorophenol can produce defects in the offspring of laboratory animals. Exposure to pentachlorophenol during pregnancy should be avoided.
