DIRECTIONS FOR MAKING K-E-Y SOLUTION

For 200 p.p.m. Available Chlorine,  
mix 3 heaping teaspoons K-E-Y to 1  
gallon water.

1. Wash glasses.
2. Immerse in K-E-Y solution to disinfect.
3. Rinse in clear water.
4. If final clear water rinse is not permitted under local health ordinance, rinse after cleaning in a solution of properly measured household water and bleach.

**DEODORIZING:** A K-E-Y solution of 200  
p.p.m. available chlorine is effective  
for this purpose.

---

DO NOT MIX SOAPS OR CLEANING POWDER  
WITH K-E-Y SOLUTION.

---

KEEP COVER ON TIGHT.  
KEEP IN COOL, DRY PLACE.
