

Oxford Perma-Kill Brand

INSECTICIDE

- Fast Knockdown • Quick Kill • Residual
- Effective Against Flying and Crawling Insects • Stainless • Economical

DESCRIPTION

Especially formulated for the fast knockdown and quick kill of a wide variety of both flying and crawling insects such as flies, mosquitoes, flying moths, fleas, wasps, roaches, ants, silverfish, spiders, crickets, carpet beetles, and waterbugs. May be applied either as a space spray or wet residual spray depending upon the specific area of application. Certain areas of application include Food Processing Plants, Industrial Plants, Supermarkets, Restaurants, Apartment Houses, Warehouses, Office Buildings, Pet Quarters and Waste Storage Areas. Do not use in commercial food preparation areas or in edible products areas of food processing plants.

Active Ingredients 19.3%

1. Petroleum Hydrocarbon Base Oil
2. N-octyl bicycloheptene dicarboximide
3. Ronnel*
4. Piperonyl Butoxide Technical**
5. N-octyl sulfoxide of isosafrole and related compounds
6. Pyrethrins I and II
7. Allethrin***

Inert Ingredients 80.7%

1. Dichlorodifluoromethane, 2. Trichloromonofluoromethane, 3. Methylene Chloride, 4. O,O-dimethyl-O-dichloromethoxyphenyl phosphorothioates, 5. Essential Oils.

EPA Reg. No. 3635-88

WARNING

Keep out of Reach of Children

See back panel for additional cautions.

Net Contents 16.5 oz. (1 lb. 0.5 oz.)

Can size 20 Fl. oz.

DIRECTIONS

1. To Operate: Hold can upright 18 to 24 inches from objects to be sprayed. Aim orifice towards insects in area.
2. Flies, Mosquitoes, Gnats Flying Moths, Wasps: Close doors and windows. Direct spray upwards to all parts of the room, especially the upper corners and other areas where insects congregate. Allow 4 to 6 seconds per 1,000 cubic feet. Keep room closed for at least 15 minutes after treatment. Treated areas must be thoroughly ventilated before re-entry. Repeat as necessary for control.
3. Roaches, Silverfish, Ants, Spiders, Crickets, Fleas: Spray directly on insects where possible. Apply liberally into cracks and crevices of floors and walls, on floor coverings, under sinks, cabinets, refrigerators, in sleeping quarters of pets, and in other areas where insects breed and hide. Repeat as necessary for control.
4. Clothes Moths and Carpet Beetles: Clean clothing and carpets to be protected. Spray thoroughly, especially olds, seams, under collars and cuffs. Spray interior of trunks, closets, cupboards, and other storage areas. Treat top and underside surfaces of rugs and carpets. If not stored in moth-tight containers, repeat treatment approximately every 30 days. Dry-clean clothing before re-use.

WARNING

Harmful if swallowed. Contents under pressure. Do not puncture or throw container into fire. Store at room temperature (not over 120°F.) away from radiators, stoves, hot water or other heat. Do not spray into open flame.

Avoid inhalation. Avoid skin contact. Wash thoroughly after using.

Avoid contamination of cooking utensils, food, feedstuffs and water supplies. Do not use in food processing plant when plant is in operation. Remove or cover foodstuffs during treatment. Cover all food processing surfaces or thoroughly clean surfaces before re-use.

Remove pet and bird cages and cover fish bowls and aquaria before and one hour after spraying.
