DIRECTIONS

Indoor Use:

ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, WATERBUGS: Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For ants, spray trails and places where ants enter premises. Repeat treatment as often as necessary. Do not spray foodstuffs or house plants. Remove pets and cover fish bowls before spraying. Do not allow children to contact treated areas until surfaces are thoroughly dry.

Repeat treatment as often as necessary.

BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floor. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

Repeat treatment as often as necessary.

Outdoor Use:

ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, FLIES, MILLIPEDES, MOSQUITOES, SOWBUGS, AND BROWN DOG TICKS: Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. For ants, spray hills and runways. Do not spray vegetation.

Repeat treatment as often as necessary.

CAUTION

May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should also be avoided. Wash thoroughly after using. Avoid contamination of food, utensils, and food preparation areas.

Should illness occur, get prompt medical aid.

To Physician — Atropine sulfate is antidotal.

ABSOLUTE MONEY BACK GUARANTEE

The real test of this insecticide is the results obtained at the low cost. We give an absolute money back guarantee on its effectiveness, when used as directed.
