ANT & ROACH KILLER FORMULA V

- Vapor penetrates to kill quickly
 - Keeps killing up to 15 days • Kills even resistant roaches
- SPRAY ONLY ON SURFACES.
DO NOT USE AS A SPACE SPRAY.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

STORAGE AND DISPOSAL

Store in a cool dry area away from heat or open flame. Disposal: Do not reuse empty container. Wrap container and put in trash collection

TO OPERATE: Remove cap, hold can upright, point valve opening away from people, plants, and pets, and spray infested surfaces only until wet holding can about 12 inches from surface being sprayed. Avoid excess wetting of plastic and asphaltic tile and floor coverings

TO KILL ROACHES, SILVERFISH, SPIDERS, CRICKETS Spray heavily around baseboards, into all cracks, and other places where these insects hide. Apply behind and under cabinets, refrigerators, sinks, stoves, and around waste containers. Repeat as needed TO KILL ANTS. Follow the above directions and also spray trails and places where ants enter premises. Outdoors, spray ant hills and runways. Repeat as necessary. Do not spray foodstuffs or house plants

TO KILL BROWN DOG TICKS AND FLEAS Remove and destroy old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floors. Repeat as necessary. Put fresh bedding in pet quarters after spraying. Do not spray animals. Also treat dogs and cats with a flea and tick control product before allowing them to enter treated area

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: May be fatal if swallowed, inhaled, or absorbed through skin. Avoid breathing of spray mist and contact with skin, eyes, and clothing. Wash thoroughly after handling. Do not use on household pets, or humans. Do not allow children in treated areas until surfaces are dry. In the home, avoid contamination of food utensils or food preparation areas. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed.

NOTE TO PHYSICIAN: Cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote

PHYSICAL HAZARDS: FLAMMABLE! Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting
