

tidal marshes, and estuaries. Shrimp and  
application rates recommended on this  
are these are important resources. Do not  
rely to occur. Do not apply when weather  
from areas treated. Do not contaminate  
equipment or disposal of wastes.

**DIRECTIONS FOR USE**

It is illegal to use this product in a manner in-  
volving.

Use this product to control the pests indi-  
cated below by application as an undiluted  
product. Repeat the treatment as needed.

Use this product in conduits, motor housings,  
switches or other electrical equipment because  
of fire hazard. Do not allow children or pets to contact  
product until spray has dried.

Flea & tick control must include not only thor-  
ough treatment of the areas in and around the home, but also  
of the animal. This can best be done either with  
this product or by a veterinarian. At the  
time of application, and prior to chemical treatment of  
the animal, a few tips that will aid in the success of  
flea & tick control.

Thoroughly treat the house. Pay particular atten-  
tion to areas under furniture, in areas where pets sleep,  
and crevices along walls, and all uphol-  
stered furniture.

Contents should be destroyed or discarded  
immediately after use of all the accumulated flea larvae and

• Pet bedding should be destroyed or washed thoroughly in  
hot water, and replaced with clean, fresh bedding after  
treatment.

**FOR CONTROL OF FLEAS AND  
BROWN DOG TICKS:**

**Indoor**—Thoroughly apply as a spray for spot treatment to in-  
fested areas such as pet beds and resting quarters; nearby cracks  
and crevices; along and behind baseboards, window and door  
frames and localized areas of floor and floor covering where these  
pests may be present. **DO NOT TREAT PETS WITH THIS PROD-  
UCT.**

**Outdoor**—Apply undiluted Arab Flea & Tick as a spray in outdoor  
areas where there are weeds or brushy non-crop areas in and  
around kennels, animal runs or under porches where pets may  
rest. Spray these infested areas thoroughly. Repeat application  
as infestations warrant and as reinfestations occur.

**DISPOSAL**

Do not reuse empty container. Wrap container and put in trash  
collection.

NET. 2 QTS. (64 FL. OZ.)

FORMULA III

## No-Pest

HOME INSECT CONTROL

• Economical do-it-yourself pest control  
 • Use it all around your home—inside and out • Kills 10 stains, fleas, roaches • Low odor.

**DIRECTIONS FOR USE**  
 It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**  
 Store in a cool area. **DISPOSAL:** Do not reuse empty container. Wrap and put container in trash collection.

**SPRAYER OPERATING INSTRUCTIONS**— 1. Remove blue shipping cap and retain. Insert sprayer hose into bottle and tighten securely. 2. Prime sprayer by holding at cap level of bottle and dumping trigger. 3. To obtain jet stream, loosen nozzle to two turns, tighten for fine mist. Nozzle should be 6-8 inches from surface being sprayed. Spray infested areas until wet. 4. **REMOVE SPRAYER AND REPLACE SHIPPING CAP BETWEEN USES TO PREVENT LEAKAGE, SPILLAGE OR EVAPORATION.** Spray water through sprayer after each use. Sprayer should be rinsed thoroughly and pumped empty for storage.

**PESTS INSIDE:** TO KILL Cockroaches, Ants, Clover Mites, Firebrats, Silverfish, Spiders, Crickets: Spray around baseboards, into all cracks and other places where these insects hide. Apply behind and under cabinets, refrigerators, sinks, plumbing fixtures, stoves and around waste containers. Pests flushed out of hiding places should be sprayed directly. Repeat as necessary. **Ants:** Follow the above instructions and also spray ant trails, nests, and places where ants enter premises.

**TO KILL Carpet Beetles:** Spray edges of carpeting and under carpeting and rugs. Apply to the floor and baseboards. Spray directly into cracks, closets and infested areas of shelving. Repeat as necessary.  
**TO KILL Fleas and Brown Dog Ticks:** Remove and destroy pets' old bedding. Spray sleeping quarters of pets around baseboards, windows, door frames, walls and local areas of floors. Repeat as necessary. Do not treat animals. Put fresh bedding in pets' quarters after spray has dried. Also treat dogs and cats with a registered flea and tick product before allowing them to enter treated area.

**PESTS OUT-OF-DOORS:** **Flea, Fleas:** For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches in garages and other places where these insects alight or congregate. Repeat as necessary.  
**Ants, Brown Dog Ticks, Crickets, Fleas, Earwigs:** For treatment of localized infestation of these insects in outdoor areas where there are weeds or brushy non crop areas, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as reinfestation occurs.

**PRECAUTIONARY STATEMENTS**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS: CAUTION:** Avoid contact with eyes, skin and clothing. Avoid breathing vapor or spray mist. Keep away from food, feedstuffs and domestic water supplies. Wash thoroughly after handling.

**STATEMENT OF PRACTICAL TREATMENT**

If on skin—Remove contaminated clothing and wash affected areas with soap and water.  
 If in eyes—Flush eyes for at least 15 minutes with water. Call a physician immediately.  
**NOTE TO PHYSICIAN:** Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

**PHYSICAL HAZARDS:** Do Not Use or Store Near Heat or Open Flame. Do Not Store Below 32°F.  
**ENVIRONMENTAL HAZARDS:** This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.

**TEXIZE Money Back Guarantee**—If product performance unsatisfactory send comments to Consumer Relations Department.
