NOPEST PROFESSIONAL STRENGTH HOME INSECT CONTROL

*Good Flushing Action • Quick Knockdown • Kills for Up to Four Weeks • With Regular Monthly Use, Guaranteed to Control Insect Problems

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL

STORAGE—Do not store at temperature below 32°F

DISPOSAL—Do not reuse empty container. Wrap and put container in trash collection.

To operate sprayer, turn tap to "spray" or "stream." Do not operate when "off" is in the top position. Hold sprayer 6 to 8 inches from surface being sprayed. Spray infested surface until wet.

TO KILL AND CONTROL COCKROACHES, CRICKETS, CARPET BEETLES, SILVERFISH, GROUND SQUIRES, CENTIPEDES, MILLIPEDES, FLEAS, TICKS, EARWIGS, SAWFLIES, SPIDERS: Use as spot treatment. When possible, spray directly on pests. Apply as a spray or stream into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators and other appliances, basements and storage areas. Apply undiluted if wet. Repeat as necessary for residual control of above insects. Treat on a monthly basis.

TO KILL FLEAS, WASHING MACHINE TICKS, AND LONG STAR TICKS: Thoroughly apply as a spot treatment to infested areas such as pets, beds and resting quarters, nearby cracks and crevices, along and behind baseboards and localized areas of floors and floor coverings which are infested. Remove and destroy pets' old bedding. Do not treat pets with this product. Pets should be treated with a registered flea and tick product.

FOR PESTS OUT-OF-DOORS: ANTS, CLOVER MITES, CRICKETS, EARWIGS, MILLIPEDES AND SAWFLIES: Spray on the surfaces of buildings including foundation, porches, patios, garages and where pests hide. Do not spray plants because of possible injury.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS: CAUTION: May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling. Do not use in commercial food processing or preparation areas, in the home, do not allow sprays to contact food, feedstuffs or water supplies. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets and cover fish aquariums before spraying. Do not allow children or pets to contact treated surface until spray has dried.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed—Get medical attention immediately. If on skin or in eyes—Flush with plenty of water. For eyes, get medical attention.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, given by injection, is antidote of choice.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste.
