

### DIRECTIONS

**To Operate:** Remove cap which protects valve. Turn nozzle away from body and actuate valve by pressing with finger tip. Avoid wetting fingers at nozzle as contact with propellant can cause frostbite.

Wetting by direct spraying with ORB Mothproofer kills clothes moths and carpet beetles, their eggs and larvae. One thorough application to woolens before storage will guard against moth damage for at least 12 months when used as directed.

**Mothproofing:** Clean and brush woolen articles, removing persistent spots and stains by dry cleaning. Spray each article evenly from approximately 18 inches until surface is thoroughly moistened. Pay particular attention to folds, seams, cuffs, etc., and spray both sides whenever possible. For maximum protection spray insides of closets or containers before storing treated articles. Allow articles to dry completely before storing or using. Repeat application if fabrics are washed or dry cleaned.

Net Contents: 14 oz. Avdp.

# ORB MOTH PROOFER

WITH PERTHANE\*

Kills Moths and Carpet Beetles

**MOTH PROOFS FOR ONE YEAR  
When Used as Directed**

ORB Industries Inc.  
Upland Penna.

### CAUTION

Contents of this can are under pressure. Do not store near heat or in the direct rays of the sun or in any other location where temperatures will exceed 110 deg. F. Do not smoke while spraying or spray near heat or flame as spray is inflammable. Do not puncture or incinerate can.

Keep out of reach of children. Do not use on humans, animals, food or food utensils. Remove bird cages and fish bowls before spraying. Do not spray on plastic or on asphalt tile. Do not use on rubber-backed fabrics.

Avoid inhalation of spray. Avoid skin contact. May be absorbed through skin. In case of contact wash immediately with soap and water.

#### Active Ingredients:

Diethyl diphenyl dichloroethane.....	4.75%
Related reaction products.....	0.25%
Petroleum solvent.....	70.00%
Inert Ingredients.....	25.00%
