

Directions for use are printed on the container.

Spray freely into the air to destroy objectionable odors from food, cooking, refuse, body odors, smoke odors. For use in homes, institutions, factories, offices, theaters, restaurants, restrooms, schools or wherever there is an odor problem.

May also be used to lightly spray drapes, rugs or similar things to eliminate stale, musty odors. May be used to spray directly on odorous surfaces such as bathroom fixtures, kitchen equipment, etc.

This glycol type deodorant contains both methyl and propylene glycol and is a powerful dry emulsion bacteriostat.
