ORB INDUSTRIES, INC.
 P.O. Box 1067
 No. 2 Race Street
 Upland, PA 19015

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 4077-106".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING. KEEP CONTAINER UPRIGHT.

Step 1: PREPARATION: Put out all pilot lights and flames. Open cupboards, cabinets, trunks, and doors to area to be treated to allow maximum kill in all areas where insects can hide and breed. Close outside doors and windows and shut off fans and air conditioning to maximize killing power of fog. Remove pets, birds, and tightly cover or remove fish bowls and aquariums before spraying. Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger. (Newspaper may be used). Remove or cover exposed foods, dishes, utensils, or food handling equipment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Shut off electrical appliances. Do not place activated fogger in a cabinet or under a counter or table. Do not use fogger in an areas less than 100 cubic feet.

Step 2: ACTIVATION OF FOGGER: SHAKE WELL JUST BEFORE USING. Place a section of newspaper on floor in center of room to be treated. NOTE: Do not place fogger on water-stainable surface. With can at arms length and valve opening pointing away from face and eyes, press actuator tab down, hooking the catch under the lip of the valve cup, and place can upright on the newspaper. LEAVE BUILDING AT ONCE AND KEEP BUILDING CLOSED FOR 2 HOURS (30 minutes for flying insects) BEFORE AIRING OUT. Open all doors and windows and allow to air for 30 minutes. Do not remain in the area during treatment and ventilate thoroughly before re-entry. Repeat spraying in two weeks or when necessary.

This container will release the total contents when activated and treats up to 6,000 cubic feet of unobstructed area (a room 30' x 25' with an 8-foot ceiling). For fleas and ticks, use one 6-ounce can for every 1,500 cubic feet of room space.

To kill Ticks and Fleas: Destroy pet's old bedding and replace, use product as above. Treat dogs and cats with registered tick & flea control product prior to re-entry.

Back Panel**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Avoid breathing vapors or spray mist. Do not remain in area which has been treated and ventilate before re-entry. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not apply while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination.

Remove pets, birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not apply directly to any body of water.

PHYSICAL OR CHEMICAL HAZARDS

CAUTION: Contents under pressure. Do not use or store near heat, fire, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause can to burst with violence and cause injury. Do not use this unit in an area less than 100 cubic feet. **IMPORTANT!** To avoid **FLAMMABILITY HAZARD**, use only one can per room; do not place can in cabinet or under counter or table; shut off electrical equipment; put out all flames, including pilot lights, before spraying.

STORAGE AND DISPOSAL

Storage: Store upright in a cool, dry area away from heat, sparks, and open flames. Keep out of reach of children. If container is damaged and leaking, allow contents to dissipate out of doors.

Disposal: Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.
