KILLS INSECTS - CONTROLS DISEASES

Contains Phaltan

NET WT. ONE POUND

CAUTION: KEEP OUT OF REACH OF CHILDREN AND PETS.  
See back panel for additional cautions.

Back Panel

DIRECTIONS:

SHAKE GENTLY BEFORE USING. Remove protective cap. Hold can upright and point nozzle away from you. Press button and spray. Spray plants from a distance of ten to twelve inches, spraying with short one to two second bursts. For best results, spray in evening or on cloudy day when air is still. Spraying should begin when insects first appear and should be repeated as needed.

This spray can be used on such plants as asters, azaleas, begonias, camellias, carnations, chrysanthemums, dahlias, delphinium, euonymus, geraniums, marigolds, roses, snappedragons, stocks, zinnias, and gladiolas.

Controls diseases such as black spot and powdery mildew and insects such as aphids, mites, rose chafers, Japanese beetles, bagworms, rose galls, rose stem borers, rose leaf cutting bees, rose midge, thrips, rose slugs, rose leafhoppers, rose leaf beetles, lacebugs, tarnished plant bugs, whiteflies, Fuller's rose weevil, certain caterpillars, leaf rollers, rose curculio, rose budworm, June beetle, mealybugs, tent caterpillars, red spider mites, and certain other chewing and sucking insects. For disease control begin applications before diseases appear and repeat as needed.

ACTIVE INGREDIENTS:

Ovex (p-chlorophenyl p-chlorobenzenesulfonate) . . . . .	0.124%
Lindane (Gamma Isomer of Benzene Hexachloride) . . . . .	0.5 %
