DIRECTIONS

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS, WARNINGS AND DIRECTIONS: AND IN CONFORMITY WITH FEDERAL AND STATE REGULATIONS.

IMPORTANT: Hold bomb 18 to 24 inches from plant. Apply as a light spray. Spray with a sweeping motion in one-second bursts. Be sure to contact upper and lower surfaces of leaves.

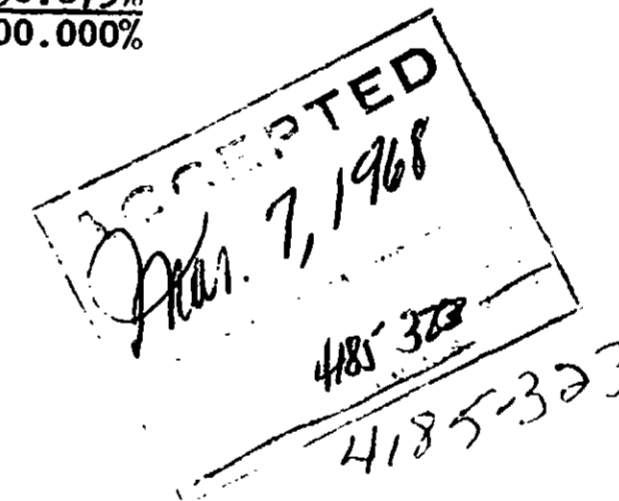

Apply preferably in evening or early morning when air is still. Do not apply during heat of day or in direct sunlight. Do not apply to wet plants.

TO OPERATE: Remove cap, shake lightly. Hold bomb in upright position and direct nozzle directly at insects or infested area. Depress nozzle, being sure to keep finger out of spray.

○ INSECTS CONTROLLED: Aphids, Thrips, (exposed), Leafhopper, Azalea Lace Bugs, Japanese Beetles, certain Caterpillars, Mites, Bagworms and Juniper Webworm.

USDA Reg. No. 4185-323

THE BORDEN CHEMICAL CO. - Smith-Douglass Division - Norfolk, Va.

TO CONTROL

Bagworm - spray when larva are small.

Mites - spray, starting in late May, when mites are active. Be sure all infested areas are thoroughly covered.

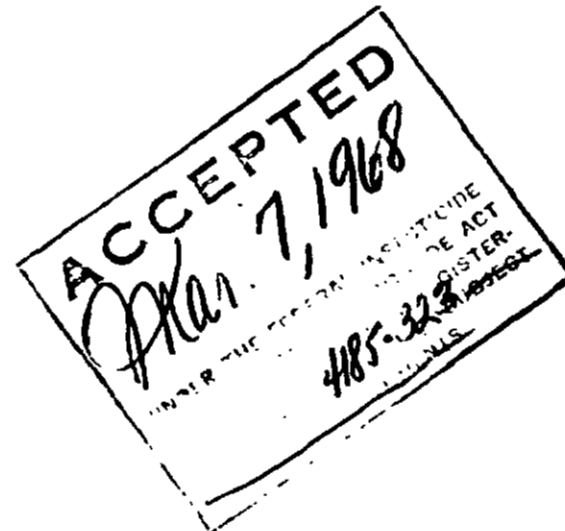

Repeat application In 10 days is recommended.

Azalea Lace Bug - spray infested plants and repeat in 10 days.

Juniper Webworms - Spray when worms become active.

CAUTION: May be absorbed through skin. Do not breathe vapor of spray liquid on skin. In case of contact, wash immediately with soap and water. Avoid contamination of feed and foodstuffs. Do not use on household pets or humans; toxic to fish, birds, and pets. Use with care. Harmful if swallowed. Do not use indoors or in confined area. Do not use in combination with or closely following oil sprays.

WARNING: Contents under pressure. Do not puncture. Exposure to high temperatures may cause bursting. Keep at room temperature away from direct sunlight, radiators, stoves, hot water and other heat. Never throw container into fire or incinerator.
