TOSSIT PYRETHRUM FORMULA

Designed especially for the control of resistant larvae and in areas where toxic residual chemicals cannot be used.

ACTIVE INGREDIENTS: Petroleum distillates Piperonyl	
Butoxide Pyrethrins	90.00%
INERT INGREDIENTS: Polyoxyethylene Sorbitol	
Oleate	10.00%
	100.00%

**Toss Them Into the Water
TO KILL MOSQUITO LARVAE**

WYCO, INC.

P. O. BOX 6128, WEST PALM BEACH, FLORIDA

CONTENTS: 40 Capsules. Each capsule contains 4.36 gm.

CAUTION

KEEP OUT OF REACH OF CHILDREN

DIRECTIONS:

TOSSITS are so designed that they will rupture, dissolve, or disintegrate when they are placed or thrown in water. Once action starts the especially formulated solution can be seen "shooting" across the surface of the water in all directions. This surface action will continue until the water surface is completely covered, thus lowering the surface tension of the water. Surface action then becomes increasingly slower, resulting in an unused amount of material. In small pools, artificial containers, etc., only a few seconds are required for effective coverage.

If the water is cool (70 degrees F. or lower) the initial discharge of the solution will require from 5 to 40 minutes. Each TOSSIT should larvicide 100 square feet of open and unobstructed water surface with about a 6-inch depth. Proportionately more capsules should be used for larger areas and greater depth. Allowance has been made for TOSSITS retaining, at times, a portion of the so-

lution. In many cases this is advantageous since it provides for additional "continuing action."

KEEP TOSSITS DRY in storage. Do not store under excessive conditions of heat or humidity, or in direct sunlight.

NON-WARRANTY: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and or handling of this material when such use and or handling is contrary to label instructions.

CAUTION: Harmful if swallowed. May produce irritation of the eyes and skin. Wash thoroughly. Avoid contamination of feed and foodstuffs. Combustible mixture — keep away from open flame. This product is harmful to fish. Keep out of lakes, ponds, streams.
