Arlington, VA 22209

Subject: Label Amendment – Adding multiple crops to the label
Product Name: Azoxystrobin Technical
EPA Registration Number: 4787-65
Application Date: October 31, 2014
Decision Number: 497128

Dear Ms. DeCarlo:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Cheminova Azoxystrobin Technical FOR MANUFACTURING USE ONLY

ACTIVE INGREDIENTS

Azoxystrobin: methyl (E)-2-{2-[6-(2-cyanophenoxy)
pyrimidin-4-yloxy]phenyl}-3-methoxyacrylate*98.6%

OTHER

INGREDIENTS.....1.4%

TOTAL100.0%

*IUPAC

Keep Out of Reach of Children

CAUTION

Note to PM, the following bracketed statements are individually optional depending on the packaging configuration and whether a booklet label design is used:

- a.[See First Aid statement on back panel] [of booklet].
- b.[See additional precautionary statements and Directions for Use in booklet.]
- c.[Read the entire label before using this product.]

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911, then give artificial respiration. Call a poison control center or doctor immediately for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-866-303-6950 for emergency medical treatment information.

**IN CASE OF AN EMERGENCY ENDANGERING HEALTH OR THE ENVIRONMENT
INVOLVING THIS PRODUCT, CALL TOLL FREE, DAY OR NIGHT, 1-866-303-6950.**

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Caution. Harmful if absorbed through skin. Harmful if inhaled. Avoid breathing dust. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wear long-sleeved shirt and long pants, socks, shoes, and chemical resistant gloves (such as nitrile, butyl, neoprene, and/or barrier laminate) when handling. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Environmental Hazards

Azoxystrobin is toxic to freshwater and estuarine/marine fish and aquatic invertebrates. Azoxystrobin can be presentment for several months or longer.

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or regional office of the EPA.

Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment washwater or rinsate.

Notify State and/or Federal authorities and Cheminova immediately if you observe any adverse environmental effects due to use of this product.

GROUND WATER ADVISORY: Azoxystrobin has degradation properties and characteristics associated with chemicals detected in ground water. This chemical may leach into ground water if used in areas where soils are permeable, particularly where the water table is shallow.

SURFACE WATER ADVISORY:

This product may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water. This product is classified as having a high potential for reaching surface water via runoff for several months or more after application. A level, well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential loading of azoxystrobin and a degradate of azoxystrobin from runoff water and sediment. Runoff of this product will be reduced by avoiding applications when rainfall or irrigation is expected to occur within 48 hours.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Instructions to Formulators

Formulators using this product are responsible for obtaining EPA registrations for their formulated product which may be labelled for the use patterns as listed on this label.

This technical product may be used for formulation for the following uses:

1. Terrestrial, Aquatic, and Greenhouse Food Crops including Home Gardens and Orchards, as well as, Seed Treatments:
 - Alfalfa, Clover & Other Nongrass Animal Feeds (Including Forage, Fodder, Straw and Hay)
 - Almonds
 - Artichoke, Globe
 - Asparagus
 - Bananas and Plantains
 - Barley, Oats and Rye
 - Berry and Small Fruit Subgroups 13-07A, 13-07B, 13-07F, 13-07G, 13-07H
 - Brassica Head and Stem Subgroup 5A
 - Brassica, Leafy greens, Subgroup 5B
 - Bulb vegetables Crop Group 3-07
 - Canola
 - Carrots
 - Celery
 - Cherries (Sweet and Tart)
 - Citrus Fruit, Crop Group 10-10
 - Corn (field, pop, sweet), including seed production
 - Cotton
 - Cranberries
 - Cucurbit Vegetables (Crop Group 9)
 - Eggplants
 - Fruiting Vegetables (Crop Group 8-10)
 - Grapes and Other Small Fruit Vine Climbing Subgroup 13-07F (except Fuzzy Kiwi)
 - Grasses Grown for Seed
 - Herbs and Spices (except Black Pepper) (Crop Group 19)
 - Leafy Vegetables (except Brassica)
 - Legume Vegetables, dry and succulent
 - Legume Vegetables, foliage of any cultivar of bean and field pea
 - Mint
 - Oilseed Crops (Crop Group 20)
 - Peanuts
 - Pecans
 - Peppers
 - Pistachios
 - Plums
 - Potatoes
 - Rice

- Sorghum
 - Soybeans, including immature seed (Edamame)
 - Stone Fruits
 - Strawberries
 - Sugarcane
 - Sugar Beets
 - Tobacco
 - Tomatoes Subgroup 8-10A
 - Tree Nuts (Crop Group 14)
 - Tropical Fruits
 - Tuberos and Corm Vegetables (Subgroup 1C)
 - Vegetables, Leaves of Root and Tuber, Group and Root Subgroup
 - Watercress
 - Wasabi
 - Wheat and Triticale
 - Wild Rice
2. Terrestrial Nonfood: Uses on golf courses, lawns and landscape areas around residential, institutional, public, commercial and industrial buildings, parks, recreational areas and athletic fields; uses on Ornamentals grown in pot, container, bench, flat, plug, bed or in the field, in greenhouses, shade houses, outdoor nurseries, retail nurseries, and other landscape areas; and uses on Christmas trees.
 3. Uses for which US EPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and
 4. Uses for experimental purposes that are in compliance with US EPA requirements.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store product in a secure location in the original container only. Do not store near food or feed.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Completely empty bag or plastic lined fiber drum into formulation equipment. Offer for recycling if available, or dispose of empty bag and fiber drum in a sanitary landfill, or by incineration, or by other procedures allowed by state and local authorities.

WARRANTY DISCLAIMER

Cheminova warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, CHEMINOVA MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY

OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

INHERENT RISKS OF USE

It is impossible to eliminate all risks associated with use of this product. Unintended consequences may result because of factors such as use of the product contrary to label instructions, which are beyond the control of Cheminova or the Seller. Cheminova and the Seller shall not be responsible for any risks caused by the incorporation of this product into an end use product by the Buyer or User. Buyer is solely responsible for any risks created by the end use or uses to which Buyer or a User put this product. All of the foregoing risks shall be assumed by Buyer and User, and Buyer and User agree to hold Cheminova and Seller harmless for any claims related to such factors.

LIMITATION OF REMEDIES

To the extent consistent with applicable law, the exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability, or other legal theories), shall be limited to one of the following, at Cheminova's election,:

- (1) Refund of purchase price paid by buyer or user for product bought, or
- (2) Replacement of amount of product used.

To the extent consistent with applicable law, in no case shall Cheminova be liable for consequential, incidental, or special damages or losses.

The terms of the Warranty Disclaimer above and this Limitation of Remedies cannot be varied by any written or verbal statements or agreements. No employee or sales agent of Cheminova or the Seller is authorized to vary or exceed the terms of the Warranty Disclaimer or this Limitation of Remedies in any manner.
