JOHNSON WAX RAID FOGGER PLUS

**IMPORTANT: SHAKE WELL BEFORE USING:**

**READ ALL DIRECTIONS AND CAUTIONS BEFORE USING**

Directions for using container:

Nozzle lock is designed so that the spray will continue until the can is empty. Fills the rooms with a fine particle fog that seeks out roaches and fleas. Kills on contact!

1. Place a section of newspaper on a stand or table in center of room to be fogged.
2. Break off and remove tab on side of sprayer. Tilt sprayer AWAY from face (container sprays straight up). (PICTURE)
3. Press down firmly with thumb on sprayer tab until it snaps into place. (PICTURE)
4. Set Raid Fogger on newspaper, leave room and close door. (PICTURE)
5. After actuating Raid Fogger leave room or house at once. Keep treated area closed for at least two hours, then open all doors and windows and allow treated area to air for 30 minutes.

**IMPORTANT!**

To avoid FLAMMABILITY HAZARD use can as follows:

- \* Only one can per room.
- \* Do not place in cabinet or under counter or table.
- \* Extinguish flames & pilot lights. Shut off electrical appliances.

One 6 oz. can treats a room of up to 20' x 15' x 8'.

RAID Fogger Plus kills roaches, immature roaches, fleas, pre-adult fleas, ticks, spiders, flies, mosquitoes, wasps, hornets, yellow jackets, silverfish, ants, gnats, waterbugs, earwigs, crickets and small flying moths. Use RAID Fogger Plus for bug infestations in Homes, Apartments, Attics, Garages, and Restaurants.

This unique RAID product allows you to automatically fill a whole room with insect killing fog while you are away. Plus, it contains CYKIL TM Insect Growth Regulator, an ingredient which inhibits roaches' and fleas' natural ability to reproduce.

Raid Fogger Plus is designed for use whenever a flea infestation(s) occur(s) in your house. For complete flea control program, or for particularly heavy flea infestations, use Raid Fogger Plus in conjunction with other Raid Flea Killer Plus products (Dog Spray, Yard Spray, Carpet and Room Spray).

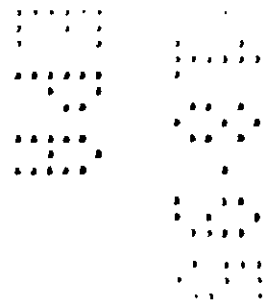

(the following information on coupons is optional; it may be periodically modified or eliminated)
