Subject: PRIA Label Amendment – Application to Add Additional Public Health
Organisms to the Product Label.
Product Name: “Nightline 2.0”
EPA Registration Number: 4822-614
Application Date: July 27, 2020
Decision Number: 564950

Dear Ms. Baska:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Lift the toilet seat
2. To remove the cap, squeeze the two side surfaces and unscrew completely
3. Pre-clean visibly soiled areas. (Add) (Direct) 10 ounces of liquid gel (product) above the waterline and under the rim. (Apply) (Squeeze) evenly around the bowl.
4. TO DISINFECT ABOVE THE WATERLINE ONLY: Allow product to remain visibly wet and undisturbed on surface for at least 10 minutes.
5. TO CLEAN TOUGH STAINS: Allow to sit for at least 15 minutes. (In case of very tough stains, reapply and leave overnight.)
6. Brush the entire bowl, then flush.
7. To close cap, turn to secure tightly.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Store in a cool, dry place that is inaccessible to children and pets.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling, if available. If partially filled: Call your local solid waste agency or 1-800-529-3394 for disposal instructions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, absorbed through skin, or inhaled. Do not get in eyes, on skin, or on clothing. Avoid breathing vapor. Wear protective eyewear such as goggles, face shield, or safety glasses. Wear protective clothing and gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before use.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not store near heat or open flame. Do not use with or store near any oxidizing or reducing agents. Never use or mix with other household cleaners as hazardous fumes may result.
