PHENOLIC  
DISINFECTANT  
cleaner disinfectant

DEODORIZES • PREVENTS MOLD AND MILDEW  
TUBERCULOCIDAL • FUNGICIDAL • VIRUCIDAL\*  
STAPHYLOCIDAL • PSEUDOMONOCIDAL

Professional Strength For Households, Institutions and Industry

ACTIVE INGREDIENTS:

Potassium-o-Benzyl-p-Chlorophenate.....	3.962%
Potassium-o-Phenylphenate.....	3.914%
INERT INGREDIENTS.....	92.124%
Total	100.000%

KEEP OUT OF REACH OF CHILDREN  
WARNING

See back panel for additional precautionary and first aid statements.

NET CONTENTS: 1 gal. (128 fl. oz.) 3.785 liters

CHEMICAL PROPERTIES

The excellent wetting and penetrating properties of Coastal Phenolic Disinfectant Cleaner Concentrate ensures the rapid removal of all kinds of soil. It is safe for all washable surfaces and leaves no surface-dulling film.

Coastal Phenolic Disinfectant Cleaner Concentrate is a highly effective deodorizer, which emulsifies odorous matter and destroys odor-producing organisms.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Disinfecting and Cleaning Walls, Floors and other similar Hard Surfaces; Use 1 oz. Coastal Phenolic Disinfectant Concentrate per gallon of water. Apply with a clean mop, sponge or cloth. Rinsing is not necessary.

Food contact surfaces must be thoroughly scrubbed with Phenolic Disinfectant Concentrate and rinsed with potable water prior to reuse.

Coastal Phenolic Disinfectant Cleaner Concentrate is an excellent disinfectant for use in hospitals, nursing homes, sanitariums, schools, homes, motels, hotels, terminals, offices and rest rooms. Its broad spectrum disinfectant action has proven effective against a wide range of both gram-positive and gram-negative bacteria including Staphylococci, Pseudomonas, TB bacilli and many enteric organisms, as well as pathogenic fungi. It retains its disinfectant effectiveness in the presence of organic matter and hard water up to 400 ppm hardness as CaCO<sub>3</sub> (Calcium Carbonate).

\*Virucidal against Herpes Simplex (a member of the virus family that causes infectious mononucleosis), Vaccinia (representative of the pox viruses) and Influenza A2 (the Hong Kong flu virus), and Adenovirus Type A-2, on inanimate environmental surfaces.

To control mold and mildew on Hard Non-Porous Surfaces: Use 1 oz. Coastal Phenolic Disinfectant Cleaner Concentrate per gallon of water. Apply this solution with a clean mop, sponge or cloth so that the surface is thoroughly cleaned and moistened. Do not rinse. Repeat application when new growth appears to maintain control.

Not Reviewed. Registrant claims to be in accordance with  
Registration of Pesticide Product Guidance for Phase 2  
EPA Reg. 2.12. Active to Inert Change in Status.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Keep Out of Reach of Children. Harmful if swallowed. Causes skin and eye irritation. Do not get in eyes, on skin or on clothing. Care should be taken in handling concentrate, including the proper shielding of eyes in case of splashing. Use rubber gloves for manual cleaning operations. Avoid contamination of food.

STATEMENT OF PRACTICAL TREATMENT

FIRST AID: In case of contact with eyes, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention. If contact with skin occurs, flush immediately with plenty of water. If irritation persists, get medical attention. Remove and wash contaminated clothing before reuse. If swallowed, promptly drink a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call physician immediately.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless this product is specifically identified in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment authority. For guidance, contact your State Water Board or Regional Office of the E.P.A.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Triple rinse container (or equivalent), then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or incineration if allowed by state or local authorities. If burned, stay out of smoke.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION**

Harmful if swallowed or absorbed through skin. Avoid breathing of vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists.

Do not apply directly to food. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Remove pets, birds and cover fish aquariums before spraying.

This product is not for use on humans. If lice infestations should occur on humans, consult either your physician or pharmacist for a product for use on humans.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE & DISPOSAL**

Storage: Store in a cool dry area away from heat or open flame.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.

**FOR HOME USE**

Shake before using.

Shake well before each use. Remove protective cap. Aim spray opening away from person. Push button to spray.

For houseflies, mosquitoes, gnats: Close all doors and windows. Point nozzle upwards, direct the spray mist to all parts of the room especially windows and other light sources which attract these insects. Fill the room with mist, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

For wasps: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.

For crawling insects: cockroaches, earwigs, sowbugs, spiders: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas. Spray directly on insects when possible. Repeat as necessary.

For ants: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

To kill lice and louse eggs: Spray in an inconspicuous area to test for possible staining or discoloration. Inspect again after drying, then proceed to spray entire area to be treated.

Hold container upright with nozzle away from you. Depress valve and spray from a distance of 8 to 10 inches. Spray each square foot for three seconds.

- For garments and bedding, spray those garments and bedding parts that cannot be either laundered or dry cleaned
- And all sprayed articles to dry thoroughly before use
- Repeat treatment as necessary.

Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

# PURGE CB-S-100 WB

A highly active synthetic pyrethroid for the control of the following household flying and crawling insects: Houseflies, Mosquitos, Gnats, Wasps, Cockroaches, Ants, Earwigs, Spiders, Grain Mites, Sowbugs, Centipedes and Lice.

**ACTIVE INGREDIENTS:**

- \*Resmethrin-[5-(phenylmethyl)-3-furanyl] methyl 2,2-dimethyl-3-(2-methyl-1-propenyl) cyclopropane carboxylate .....
- Related compounds .....

**INERT INGREDIENTS** .....

\*Cis/trans isomers ratio: Max. 30%(±) cis and 70% trans.
