

BIO-GUARD SL-25 kills Influenza Virus, the T.B. Bacillus, Deadly Staph, Strep, Salmonella and other germs on environmental surfaces.

Spray regularly to eliminate most germs from wall surfaces, closet areas, bathroom basins, toilet seats, shower stalls and bathtubs, telephones, empty hamper, garbage and waste receptacles, animal areas such as kennels and sleeping quarters, light switches, door handles, bed springs, all hard to reach places - any place where germs may be a problem. Penetrates places hard to reach with liquid disinfectants.

PREVENTS MOULD AND MILDEW
Use in basements, closets, laundry rooms, summer cottages, boats, storage areas, shower stalls. Excellent for preventing mold and mildew on mattresses, pillows, shower curtains, painted surfaces, tiled walls, curtains and similar surfaces. For mildew control, application should be repeated when new growth appears on hard surfaces and as necessary on fabrics. Surfaces should be cleaned prior to application.

CIRCUCTIONS

TO DISINFECT, hold can upright, 6" to 8" from surface. Spray surface 2 to 3 seconds until covered with fine mist. Let dry on surface. Avoid spraying lacquered or shellacked surfaces.

TO DISINSECT, hold can upright and spray 6" center of run 1 to 2 seconds.
