**USE DIRECTIONS**

For disinfection of floors, walls, and other hard surfaces, use 4-8 ounces per gallon of water.

**FOR REFRIGERATORS AND GENERAL DISINFECTING:** Use 4-8 ounces per gallon of water. For general disinfection, use 4-8 ounces per gallon of water. For disinfection of floors, walls, and other hard surfaces, use 4-8 ounces per gallon of water. For disinfection of floors, walls, and other hard surfaces, use 4-8 ounces per gallon of water.

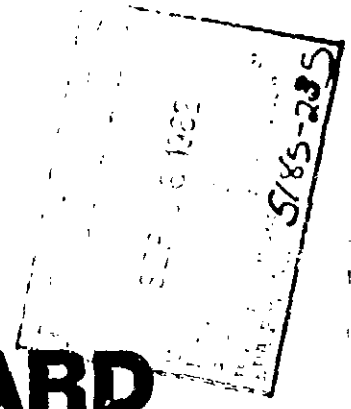

**CLEANING:** Wash floors, walls, and other hard surfaces with water. For cleaning use 4-8 ounces of THIS PRODUCT per gallon of water. For cleaning, use 4-8 ounces of THIS PRODUCT per gallon of water. For cleaning, use 4-8 ounces of THIS PRODUCT per gallon of water.

**DISINFECTING:** Before disinfecting pre-clean surfaces as directed above. Then prepare 4 ounces of THIS PRODUCT per gallon of water and thoroughly wet the surface to be disinfected. The disinfecting solution must contact the surface for 10 minutes for proper disinfection. If desired, the surfaces may then be rinsed with clean water or wiped with a clean damp cloth.

**FOR REFRIGERIZING GARBAGE CANS, GARBAGE TRUCKS, INDUSTRIAL WASTE RECEPTACLES AND OTHER GARBAGE HANDLING EQUIPMENT:** It is especially important to pre-clean, preferably using a mechanical spraying device, in order for the disinfectant to perform properly. Then apply a wetting solution of 4 ounces of THIS PRODUCT per gallon of water.

**FOR CLEANING OF WALLS, FLOORS AND INDUSTRIAL WORK AREAS:** Use 4-8 ounces per gallon of water. The use of rubber gloves is recommended for persons doing continuous hand cleaning.

THIS DISINFECTANT may be used through automatic floor scrubbing equipment.

THIS DISINFECTANT has not been tested for effective-  
ness against **Mycobacterium tuberculosis** and  
should not be used where Mycobacterium activity is  
suspected.

This product must not be used on leather contact surfaces.

THIS DISINFECTANT reduces the surface tension of  
water, improving wettability. Microbes are trapped in  
pores, scratches, and cracks of surfaces. The exceptional wettability of THIS  
PRODUCT improves the penetration of the use solution  
into areas that otherwise might not be reached.

THIS DISINFECTANT is effective against a wide variety  
of gram-positive and gram-negative bacteria. It is also an  
excellent deodorant and is especially effective in control-  
ling odors that are bacterial in origin. Has a pleasant mint  
odor.

THIS DISINFECTANT mixes with water to form near-  
neutral use solution. Use solutions are non-corrosive  
and not staining to plastic, vinyl, synthetic materials,  
and most common metals.

**DISPOSAL:** Do not reuse empty container. Wash  
container and put in trash collection.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### CAUTION

Causes eye and skin irritation. Do not get in eyes, on  
skin or on clothing. Harmful if swallowed. Avoid contami-  
nation of food. Avoid breathing spray mist.

**ENVIRONMENTAL HAZARDS:** This product is toxic to  
fish. Do not discharge into lakes, streams, ponds, or  
public water, unless in accordance with an NPDES  
permit. Do not contaminate water by cleaning of equip-  
ment or by disposing of wastes.
