

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY. WASHINGTON, D.C. 20460

JAN 17 1996

P. Matthew Radnia, Ph.D. Brogdex Company 1441 W. Second Street Pomona, CA 91766

Dear Dr. Radnia:

Subject: Revised Labeling

Brogdex 594-F

EPA Registration No. 5202-26

Your Application Dated December 6, 1995

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended is acceptable provided that you:

- 1. Make the labeling changes listed below before you release the resoluct for shipment bearing the amended labeling:
 - a. For clarity, wherever it appears in the directions for use, modify the statements to specify the weight of "one unit". According to our calculations, the directions should read similar to the following:

Disperse 7.48 ounces (212 grams) of 594-F in 53 gallons of water for 1000 ppm TBZ dispersion. Use of 8 ounces of Brogdex 534 Wetting Agent for each 53 gallons of solution is recommended.

- b. You may delete "Apply this product only as specified on this label" since this statement is not required.
- c. In the ingredient statements align the decimal points so they are on the same margin.
- 2. Submit one (1) copy of your final printed labeling before you release the product for shipment.

BEST COPY AVAILABLE

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Theresal Some

Theresa A. Stowe Acting Team Leader Product Manager (22) Fungicide-Herbicide Branch Registration Division (7505C)
