

bioMet® 302 /60

Antifouling Agent

For use in formulating antifouling marine paints.
Active Ingredient: Tributyltin Methacrylate (is part of a polymer)
Inerting Agents:
Tin Content 14.0% contains 3.08% of active ingredient per gallon

WARNING! KEEP OUT OF REACH OF CHILDREN.

HAZARD TO HUMANS: Corrosive. Causes severe skin and eye irritation. Do not get in eyes, mouth, on clothing or skin. Wear a face shield and rubber gloves when handling. Handle in a well ventilated area. Whenever possible. When handling in confined areas, wear protective clothing and a respirator. Product approved by the Mining Enforcement and Safety Administration (formerly the U.S. Bureau of Mines) and by the National Institute for Occupational Safety and Health under provisions of 30 CFR 11. Hazard if swallowed or absorbed through the skin or inhaled. Do not breathe vapors. Wash thoroughly after handling. Remove and wash contaminated clothing before reuse.
FIRE & EXPLOSION: In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes. Get medical attention. If swallowed drink promptly a large quantity of milk, egg white, or other solution and if these are not available drink large quantities of water. Avoid alcohol. Get medical attention.
ENVIRONMENTAL HAZARD: This pesticide is toxic to wildlife and may cause discoloration of lakes or streams, ponds or public water unless in accordance with a NPDES permit. For guidance, consult your local Office of the EPA.
