Subject: Label Amendment – *Update Storage and Disposal section to add bag disposal Language and update Emergency Contact Information*  
Product Name: OBPA (10, 10' OXYBISPHENOXARSINE)  
EPA Registration Number: 5383-124  
Application Date: 10/10/2019  
Decision Number: 558448

Dear Ms. Golick:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

PRODUCED IN CHINA

Net Weight: \_\_\_\_\_

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish, aquatic invertebrates, birds and mammals. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment authority. For guidance contact your State water board or Regional Office of the EPA.

**DIRECTIONS FOR USE**

*It is a violation of Federal Law to use this product in a manner inconsistent with its labeling*

Formulators are responsible for obtaining registrations on their end-use products. For formulating directions, refer to the process manufacturing instructions.

**USE SITES:**

**INDOOR NON-FOOD**  
Industrial Adhesives  
Resin/Latex/Polymer Emulsions  
Plastic Products  
Specialty Industrial Products  
Textiles/Textile Fiber/Cordage  
Deterioration/spoilage bacteria, mold

**TARGET PESTS:**

**FORMULATION TYPES REGISTERED TYPE:**  
**FORM:**

End use, manufacturing use  
Emulsifiable concentrate, liquid soluble concentrate,  
Solid soluble concentrate, solid formulation not identified (manufacturing use)

**METHODS OF APPLICATION**

**TYPES OF TREATMENT:**  
**RATE OF APPLICATION:**

Industrial Preservative  
10,10' Oxybisphenoxarsine is used to formulate end-use products for use in flexible vinyl systems. The use level of 10,10' Oxybisphenoxarsine is based on the weight of the treated article.

**INDUSTRIAL ADHESIVES:**

**RESIN/LATEX/POLYMER**

**EMULSIONS:**

**PLASTIC PRODUCTS:**

**SPECIALTY INDUSTRIAL**

**PRODUCTS:**

**TEXTILES/TEXTILE FIBERS/**

**CORDAGE:**

From 150 up to 400 ppm of active ingredient by weight

From 150 up to 500 ppm of active ingredient by weight  
From 300 up to 500 ppm of active ingredient by weight

From 300 up to 500 ppm of active ingredient by weight

From 400 up to 1,000 ppm of active ingredient by weight

**USE PRACTICES LIMITATIONS:**

Do not use OBPA products where the treated materials can come in contact with humans, pets, or be used as food or feed packing material or as food contact surfaces.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Do not store in the presence of food or feed. OBPA that cannot be used according to label instructions must be disposed of according to Federal or approved State procedures under subtitle C of the Resource Conservation and Recovery Act (RCRA).

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA regional office for guidance.

**CONTAINER HANDLING:**

**Non-refillable container.** Do not reuse or refill this container. Completely empty bag into application equipment. Then offer for recycling, if available, or dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke

**Non-refillable container.** Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Offer for recycling if available, or dispose of liner in sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
