8 Vreeland Road
Florham Park, New Jersey 07932

Subject: Notification per PRN 98-10 – Add: Not for use in California, Caulks and Sealants,
Stucco and Joint Cements
Product Name: POLYPHASE® 863CR
EPA Registration Number: 5383-153
Application Date: January 23, 2017
Decision Number: 525718

Dear Ms. Golick:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, please contact Stacey Grigsby by phone at 703.305.6440, or via email at grigsby.stacey@epa.gov .

Sincerely,

A handwritten signature in cursive script that reads "Stacey Grigsby".

Stacey Grigsby
Acting Product Manager, 34
Regulatory Management Branch II
Antimicrobials Division (7510P)

**PRECAUTIONARY STATEMENTS
TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Eye irritation. Avoid contact with eyes, skin, or clothing. Wash with soap and water after handling.

PROTECTIVE EQUIPMENT (PPE):

Wear handlers must wear: long-sleeved shirt and long pants, chemical-resistant gloves (such as barrier laminate, nitrile, rubber, neoprene and Viton), and safety glasses.

Follow instructions for cleaning/maintaining PPE. If no such instructions exist, wash with detergent and hot water. Keep and wash PPE separately from other clothing.

FIRST AID

RECOMMENDATIONS

Do not eat, drink, or chew gum while using this product. Wash hands before eating, drinking, chewing gum, using tobacco or using a telephone. Wash immediately if pesticide gets inside. Then wash thoroughly and change clothing. Remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, remove clothing thoroughly.

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

- Immediately call a poison control center or doctor.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give any liquid to the person.
- Do not give anything by mouth to an unconscious person.

- Move person to fresh air.
- If person is not breathing call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

Keep container or label with you when calling a poison control center or hospital for treatment.

NOTE TO PHYSICIAN:

Use of emetics may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit. If the permitting authority has been notified in writing prior to discharge, do not discharge effluent containing this product to sewer systems without previous approval from the sewage treatment plant authority. For guidance contact your State or Federal Regional office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with the labeling.

Do not apply this product in a way that will contact workers or other persons who would be exposed to the product. POLYPHASE 863CR is a water dispersion of biocides effective against a wide range of fungal and algal organisms. Its primary application is in water-based products. The major concern. Application levels are based on laboratory and field evaluations. Use levels for the use areas indicated. Use levels are reported as percentage of the weight of POLYPHASE 863CR, based on the weight of the final use product.

Add POLYPHASE 863CR to paints and coatings at the end of the mixing cycle, after the final pH adjustment has been made, at the following rates:

| | |
|------------------------|------------|
| Paint | 0.7 – 2.0% |
| Wood protective stains | 0.5 – 2.0% |
| Masonry coatings | 0.2 – 2.0% |

Roof coatings** 0.7 - 3.0% **Only for use in film form where the product is bound by polymer in the film. Avoid use in areas where rain is imminent. In order to protect surrounding vegetation cover all exposed vegetation near application site. [Not approved for use in California]**

Add POLYPHASE 863CR to caulks and sealants** at the end of the mixing cycle with good agitation at 0.5-1.5%. **[Not approved for use in California]**

Add POLYPHASE 863CR to stucco** at a rate of 0.5-1.5% and to concrete at a rate of 0.5-1.2%. **[Not approved for use in California]**

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Do not store below 44°F (7° C). The container must be closed and stored in an upright position.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Do not reuse or discharge excess pesticides, spray mixture, or rinsate is a violation of federal law. If the container is to be disposed of by use according to label instructions, contact your State pesticide control agency or the hazardous waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or discharge. Clean container promptly after emptying. Triple rinse as follows: Empty container into application equipment or a mix tank. Fill the container with water. Replace and tighten closures. Tip container on its side and roll it back and forth several times. Turn the container over onto its other end and repeat the procedure several times. Empty the rinsate into application equipment or a mix tank or recycle water use or disposal. Repeat this procedure two more times. Then contact your State or Federal Pesticide Control Agency for guidance on container reconditioning if available, or puncture and dispose of in a sanitary landfill, or, if allowed by state and local authorities, by burning. If burned, stay out of the fire.
