Subject: Label Amendment – To Reinstate Language in the Precautionary Statements
Product Name: Nuosept W Concentrate
EPA Registration Number: 5383-180
Application Date: September 8, 2016
Decision Number: 521527

Dear Ms. Golick:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 5383-180
Decision No. 521527

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Zebora Johnson by phone at (703) 308-7080 or via email at johnson.zebora@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "John Hebert", with a long horizontal stroke extending to the right.

John Hebert, Chief

Office of Pesticide Programs

Enclosure: Accepted Label

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER

Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Harmful if swallowed, absorbed through the skin or inhaled. Do not breathe spray mist. Mixers, applicators and all other users should wash hands with soap and water before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. If pesticide gets inside clothing, remove clothing immediately, wash thoroughly, and put on clean clothing. This product may cause skin sensitization reactions in some people.

Mixers, loaders, and other handlers must wear long-sleeved shirt and long pants; shoes plus socks; chemical resistant gloves such as barrier laminate, butyl rubber, nitrile rubber, neoprene rubber, or polyvinyl chloride; protective eyewear such as goggles or face shield; and a chemical resistant apron. Users should remove personal protective equipment (PPE) immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

NOTE: READ THE MATERIAL SAFETY DATA SHEET BEFORE USING THIS PRODUCT.

FIRST AID	
IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment.
IF SWALLOWED:	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED:	<ul style="list-style-type: none"> Move the person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN	
Probable mucosal damage may contraindicate the use of gastric lavage.	

NUOSEPT™ W CONCENTRATE

EPA Reg. No.	5383-180
EPA Establishment Number	5383-NJ-001

ACTIVE INGREDIENT:..... % Weight

Bronopol..... 14.00%

5-chloro-2-methyl-4-isothiazolin-3-one 1.5%

2-methyl-4-isothiazolin-3-one..... 0.5%

INERT INGREDIENTS 84.00%

TOTAL..... 100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

FOR INDUSTRIAL USE ONLY

ENVIRONMENTAL HAZARDS

This pesticide is toxic to terrestrial and aquatic plants, fish, and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons.

Nuosept W Concentrate is a liquid in-can preservative and may be added at any point in the production process. For best results add it as early as possible in the manufacturing process. Avoid high temperature/high alkaline conditions.

Typical usage rates are 0.025 – 0.19% by wt. (35 - 266 ppm bronopol and 5 - 38 ppm isothiazolones) for adhesives and tackifiers (such as animal glues, rubber lattices, acrylic lattices), paints and coatings (such as architectural paints, water coatings such as for paper or wood, emulsions), building materials (such as caulks, joint cements, grouts, mastics, sealants, spackling, ready-to-mix cement, tape joint compounds), wallboard (drywall and gypsum board)*; lattices (such as synthetic and natural polymer lattices, starches and casein derived polymers, protein derived polymers), fountain solutions for lithographic printing operations*, photo processing*, inks/ink components*, metal working and metal cleaning fluids*, industrial water* such as process water*, wash water* and waste water*; industrial cooling water* and air washer systems*, consumer household and institutional products (such as dishwashing detergents, laundry detergents, laundry pre-spotters, fabric softeners, laundry spray starch, surface cleaners, all-purpose liquid cleaners, anti-tarnish products, furniture and floor polishes*, carpet shampoos and carpet pre-spotters, automotive cleaners, waxes, and polishes) as well as for package utility products* such as pre-moistened sponges and mops*; and other aqueous compositions* such as emulsions * and dispersions*, pesticide formulations*; pigment dispersions* and slurries*.

*These applications are not approved for use in California.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

NON-REFILLABLE CONTAINER. DO NOT REUSE OR REFILL THIS CONTAINER

PESTICIDE STORAGE: Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment. Do not allow to freeze.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your local State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke.
