EPA Registration # **5491-2**

ACTIVE INGREDIENTS

2,3,5,6 Tetrachloro 4
(Methylsulfonyl) Pyridine35.3
Other Chlorinated Pyridines 3.5

INERT INGREDIENTS61.2

WARNING! In case of contact immediately
flush eyes with plenty of water for at least 15
minutes; get medical attention. Wash skin with
soap and plenty of water. Remove contaminated
clothing, wash before re-use. When paint con-
taining this additive is applied by spraying,
applicator must wear goggles over eyes, cover
skin and use respirator.

This product is toxic to fish. Treated effluent
should not be discharged where it will drain into
lakes, streams, ponds or public water. Do not
contaminate water by cleaning of equipment or
disposal of waste. Do not re-use empty con-
tainer. Destroy it by burning it with waste or by
burning it. Stay away from smoke or fumes.

Directions: Shake jar. Add two fl. oz. of #44
Latex Paint Mildewcide to one gallon of latex
paint. Shake or stir thoroughly. Clean then dis-
infect surface before painting. For latex paint
only. This chemical is not approved for use in
paint that will be used in food processing areas.
