BACTRO "10"
GERMICIDAL LIQUID DETERGENT
 (Concentrated)

A synthetic organic germicidal liquid detergent, noted for its cleaning and germicidal action.

BACTRO "10" disinfects and cleans in one operation. By destroying odor-causing bacteria, prolonged freshness is obtained.

BACTRO "10" cleans economically.

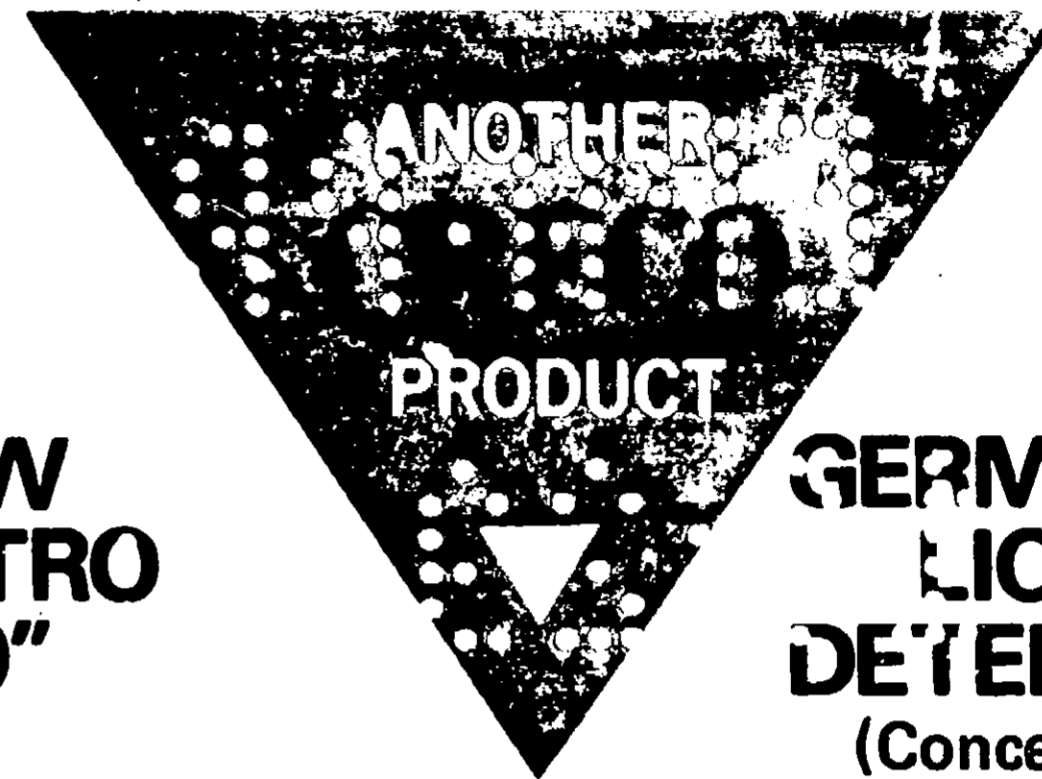

BACTRO "10" doesn't cost — it pays.

BACTRO "10" is concentrated. Dilute **BACTRO "10"** (either hot or cold, hard or soft water). The exact dilution depends on the type of surface, its condition and the amount of soil to be removed.

BACTRO "10" is a suspending agent. Lifts the dirt and film from the surface and holds it in suspension, thereby making it easily removable for pickup.

BACTRO "10" is a free rinsing Germicidal Liquid Detergent. Leaves no mop streaks. Cleans thoroughly and completely rinses away. Leaves no soap film.
