**DIRECTIONS FOR USE**

Remove protective cap, point in desired direction and press valve to spray. Remove source of odor, if possible, and repeat applications as necessary.

To sanitize the air in closed spaces: Hold can upright. Spray into air with a circular motion for 6 to 8 seconds in average room (10'x10'x8'). Spray as to cover all upper portions of air in room while moving away from areas sprayed. Repeat applications several times daily. This will temporarily reduce the number of airborne bacteria. Avoid spraying on foods.

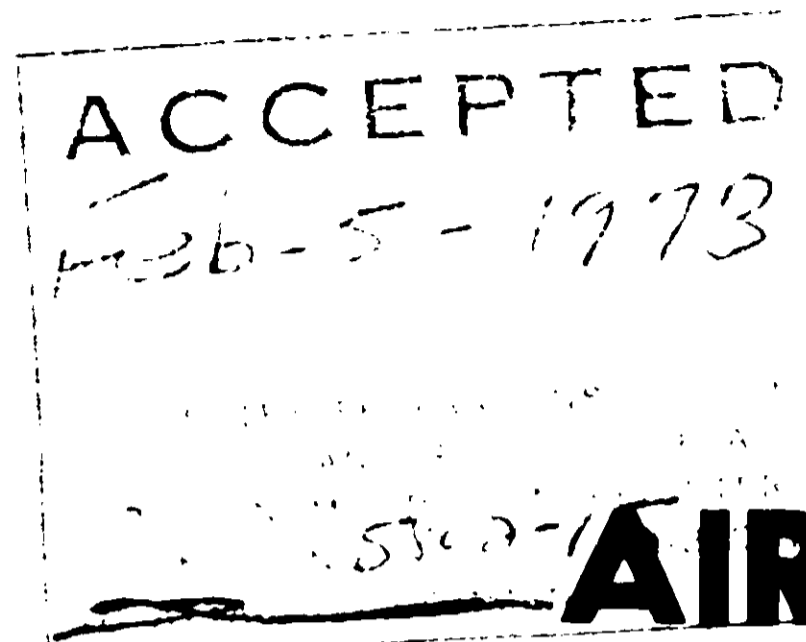

**WARNING**

**KEEP OUT OF REACH OF CHILDREN**

Do not spray in eyes. In case of contact, immediately flush eyes with plenty of water. If irritation persists, get medical attention.

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F. may cause bursting. Never throw container into fire or incinerator.
