

[5802-35]

ACTIVE INGREDIENTS:

| | |
|--|--------|
| Pyrethrins | .50% |
| Piperonal bis (2-(2-butoxyethoxy)ethyl) acetal | 1.80% |
| Other related compounds | .20% |
| N-octyl bicycloheptene dicarboximide | 2.00% |
| Petroleum Distillate | 15.50% |

INERT INGREDIENTS:

80%

DIRECTIONS FOR USE

1. Remove protective cover. Holding dispenser upright, point valve in desired direction and press dispenser button to spray.
2. Close room, leave closed and unoccupied for 15-30 minutes after spraying. Do not remain in treated areas and ventilate the area after treatment is completed.
3. Cover exposed food before spraying. Avoid excessive spraying toward light walls. Do not spray plastic or asphalt tile direct.
4. Bomb will operate about six minutes. Count one second, two seconds, etc., to prevent waste. Do not turn upside down.

MOSQUITOES, FLIES, GNATS: Spray with upward motion of arm 4 to six seconds per 1,000 cu. ft. (10' x 10') walking around room to spread mist.

ROACHES, WATER BUGS, SILVERFISH: Direct spray at cracks and crevices, open drawers and cabinets and move contents to reach insects with mist. Spray under side of sinks, bath tubs, drains and in damp places, concentrate spray around their hiding places. Repeat applications as necessary. Follow directions. Excessive spraying is wasteful.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Do not spray on skin. In case of skin contact, wash with soap and water. Avoid inhalation.

Avoid contamination of feed and foodstuffs.

Do not spray on animals. Remove birds, fishbowls, and pets from room being sprayed.

Use as a space spray in food processing plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° Fahrenheit may cause bursting. Never throw container into fire or incinerator.
