Ms. Michelle Bell  
The Andersons, Lawn Fertilizer Division  
d/b/a Free Flow Fertilizer  
P.O. Box 119  
Maumee, OH 43537

Dear Ms. Bell:

**Subject: The Andersons Garden Weed Preventer**  
EPA Registration No. 5815-35  
Application Dated December 30, 1994, Request To  
Amend Labeling by Adding WPS Exclusionary Statement  
and Using Split Labeling

The proposed labeling submitted with your application dated March 25, 1994 has been reviewed and found acceptable under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) as amended, provided that:

1. Add the same exclusionary statement to the "Homeowner Use Only" labeling as the one you added to the "Commercial Use Only" labeling submitted with this application.
2. Revise the labeling as described in this Agency's letter of October 17, 1994, in regards to when to apply this product.
3. Submit one (1) copy of the final printed labels before releasing the product for shipment under the subject labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA, section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copies of the labeling are enclosed for your records.

Sincerely yours,

Joanne I. Miller  
Product Manager (23)  
Fungicide-Herbicide Branch  
Registration Division (7505C)

Enclosure

COMMERCIAL USE ONLY

THE ANDERSONS GARDEN WEED PREVENTER

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Avoid breathing dust. Do not contaminate food and feedstuffs. Do not store near seed, fertilizer or other pesticides.

ENVIRONMENTAL HAZARDS

Collect and incorporate granules spilled on the soil surface. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is in violation of Federal Law to use this product in a manner inconsistent with its labeling.

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.

DO NOT APPLY IN SUFFOLK COUNTY, LONG ISLAND, NEW YORK.

FOR USE ON: Beans (dry, field, snap), broccoli, Brussels sprouts, cabbage, cantaloupe, cauliflower, collards, corn (field), corn (sweet), cotton, dress (upland), cucumber, eggplant, garlic, honeydew melon, horseradish, kale, leeks, lettuce (head), lettuce (leaf), mung beans, mustard greens, onions, peppers, potato (whole or cut pieces), Southern beans (blackeyed peas), radish (grown for seed), soybeans, squash, strawberry, sweet potatoes, tomato, turnip (greens), turnip (roots), watermelon, yams (Ipomoea spp.).

**BEST AVAILABLE COPY**

(BACK PANEL)

COMMERCIAL USE ONLY

Also For Use On The Following Ornamentals and Trees: abelia, African violet, ageratum, ajuga, alyssum, arborvitae, ash, aster, athletic field turf, Austrian pine, azalea, baby's breath, barberry, bellflower, birch, bleeding heart, bloodleaf, blue bedder salvia, blue spruce, border forsythia, Boston ivy, boxweed, bugloss, California privet, camellia, candle larkspur, candy tuft, Cape marigold, chestnut, chrysanthemum, cinquefoil, coleus, columbine, coneflower, coral bells, coreopsis, cotoneaster, cottonwood, creeping juniper, creeping thyme, cuphea, cypress, dahlias, daisies, deutzia, dogweed, dwarf forsythia, elaeagnus, elm, English ivy, English ivy (ground cover), euonymus, evening primrose, fernleaf, yarrow, feverfew, fir, flowering crabapple, forget-me-not, forsythia, four-o'clock, foxglove, gaillardia, geranium, gladiolus, gold dust, golden marguerite, goldtuft, golf fairways/golf greens, ground-hemlock, gum, hawthorn, heath, holly, honeysuckle, hybrid tea roses, hydrangea, iris, ivy (ground cover), Japanese andromeda, Japanese barberry, Japanese privet, Japanese yew, juniper, lantana, larkspur, lavender cotton, ligustrum, lilac, lilies, loblolly pine, locust, lupines, magnolia, maple, marigold, nectar barberry, rock-rose, morning-glory, mountain-laurel, multiflora rose, nasturtium, oak, orpine, pachysandra, pachysandra (ground cover), paxistima, peonies, petunias, pine, pittosporum, ponderosa pine, poplar, podocarpus, purple coneflower, red pine, redbud, rhododendron, rose, rose maeve, Russian olive, salvia, scarlet sage, Scotch pine, shore pine, snapdragon, spiderwort, spirea, spruce, stonecrop, strawflower, sundrops, sunflowers, sweet pea, sycamore, torch lily, tree peony, tulip tree, variegated privet, verbena, violets, wallflower, walnut, weigela, white spruce, willow, wormwood, yarrow, yellow pine, yew and zinnia.

The Andersons Garden Weed Preventer is a granular formulation for use as a pre-emergence application for control of crabgrass and other annual grasses and certain broadleaved weeds on mineral soils.

Application should be made to a uniform weed-free soil surface within two to three days maximum following cultivation to prevent subsurface germinating weeds from becoming established. Disturbing the soil surface following application will reduce effectiveness.

If there is no rain within three or four days after application, sprinkler irrigation (1/2 to 1 inch of water) should be used for best results. ANY APPLICATION OF TRIPLE X GARDEN WEED PREVENTER SHOULD BE MADE PRIOR TO WEED SEED GERMINATION.

Apply uniformly at the rate of 4 pounds per 1,000 sq. ft. in the early spring before crabgrass and other annual grasses and broadleaved weed seeds germinate. Crabgrass seed germination usually coincides with the time Forsythia blossoms start to fall. One application applied before weed seed germination in early spring usually provides season-long control. Where spring seeding is necessary, there should be a delay of approximately 60 days after the application.

(BACK PANEL)

COMMERCIAL USE ONLY

USE ONLY WHEN WEARING THE FOLLOWING PROTECTIVE CLOTHING AND EQUIPMENT DURING MIXING/LOADING AND APPLYING, REPAIR AND CLEANING OF MIXING, LOADING, AND APPLICATIONS EQUIPMENT, DISPOSAL OF THE PESTICIDE, AND EARLY REENTRY INTO TREATED AREAS: Wear a long-sleeved shirt and long-legged pants and chemical resistant gloves.

IMPORTANT! If pesticide comes in contact with skin, wash off with soap and water. Always wash hands, face and arms with soap and water before smoking, eating, drinking, or toileting.

AFTER WORK: Before removing gloves, wash them with soap and water. Take off all work clothes and shoes. Shower using soap and water. Do not reuse contaminated clothing. Clothing worn during work must be laundered separately from household articles. Clothing that becomes heavily contaminated or soiled must be destroyed according to State and local regulations. HEAVILY CONTAMINATED OR SOILED CLOTHING CANNOT BE ADEQUATELY DECONTAMINATED.

Do not enter treated areas for 24 hours after application unless wearing long-sleeved shirt and long pants.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal. Keep container closed and away from food, feedstuffs, and domestic water supplies. PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate, is a violation of Federal Law and may contaminate groundwater. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State or local authorities, by burning. If burned, stay out of smoke.
